Special Message To Congress

Ike Offers 20-Point Plan To Curb Abuses In Labor

Ike Claims Progress In Rocket Field

No Cause For Hang Dog Humiliation, He Says Of Missiles

WASHINGTON (AP)—President Eisenhower said today the United States is making very remarkable progress in the ballistic missile field and has no cause for hang dog humiliation.

The President made the statement at a news conference in commenting on Soviet Premier Nikita Khrushchev's announcement Tuesday that the Soviet Union has intercontinental ballistic missiles in production.

In apparent reference to the question of whether Khrushchev was saying the Soviet Union has ICBMs in mass production, Eisenhower said he has no way of knowing just what was in Khrushchev's mind.

Somewhat wryly, the President added that we seem very prone to give 100 per cent credence to statements by the Soviets if they happen to deal with our own desires.

On the other hand, Eisenhower went on, we dismiss other Soviet statements as baldfaced lies.

Without ever saying whether this country has intercontinental missiles at the production stage Eisenhower said that the U. S. missile program is going forward as rapidly as possible under the direction of capable scientists.

Then he said very remarkable progress is being made and that the nation has no cause for any hang dog humiliation.

On the contrary, it should be a matter of pride, he said.

The President also dealt in the news conference with these other matters:

POLITICS—Commenting on criticism of him at a Republican conference in Des Moines last week, Eisenhower expressed belief that most Republicans understand and support what he called his middle of the road program. He said he has been attacked from both sides so far as his moderate program is concerned. He called that natural and proper and remarked that you have to take it.

Despite Illusion Of Peace

U.S. To Explore Russia's Talk Of 'Cold War Thaw'

WASHINGTON (AP) — The United States intends to explore fully the Soviet Union's talk of a cold war thaw despite an officially expressed belief here that Moscow is simply trying to create an illusion of peace.

This country and its chief Western allies are preparing for a wide open high level East-West conference on German and related European issues which diplomats now consider probable in about three months.

Secretary of State Dulles told a news conference Tuesday that so far the Soviet government has demonstrated "a very strong desire to delude us into thinking the cold war is ended," but no direct interest in proposals to end it.

Nevertheless, he said, he thinks it is timely to have another meeting either of foreign ministers or other high officials because it is occasionally possible, he said, to reach an agreement with the Communists which "tends to promote international peace on a fair basis."

The latest Kremlin move toward a new East-West conference came Monday when Premier Nikita S. Khrushchev told a group in Moscow that he thought "there is a possibility of a thaw in our relations" with the United States.

He said he got that impression from the report he received on Deputy Premier Banasatas I. Mikoyan's visit to the United States earlier this month.

Khrushchev told the 21st Communist party congress in Moscow Tuesday that "There are no grounds for clashes between the American and Soviet people."

But he also reiterated earlier Soviet insistence—rejected by the West—that West Berlin be made a free city and that East and West Germany negotiate between themselves their reunification.

Dulles said Soviet propositions for a German confederation — which would leave East and West Germany as independent political units—are designed not to reunite Germany but "to perpetuate the partition."

At the same time he said the United States would listen to any new Soviet proposition aimed at true unification even though it departed from the free elections formula.

Dulles Raps Russia On Cold War Proposals

WASHINGTON (AP)—Secretary of State John Foster Dulles said today every Soviet proposal for ending the cold war has been aimed at undercutting free world resistance to communism.

Dulles said there is nothing the United States will not do—including a summit meeting with the Soviets—if it holds a reasonable prospect of promoting peace.

Program Not Piecemeal, He Declares

Urges Tightening Of Taft-Hartley Bans On Pickets, Boycotts

WASHINGTON (AP)—President Eisenhower today urged Congress to enact a 20-point program designed to eliminate labor-management abuses.

In a special message, Eisenhower called his program a complete and effective approach to the problem. He said it is not a piecemeal program.

He also declared it is "essential to assure the American public that true, responsible collective bargaining can be carried on with full protection to the rights and freedoms of workers and with adequate guarantees of the public interest."

"These recommendations, when adopted, should do much to eliminate those abuses and improper practices, which, I am firmly convinced, the American public expects and believes will be corrected through legislative action," he said.

"Equally important, they will do so without imposing arbitrary restrictions or punitive measures on the legitimate activities of honest labor and management officials."

Some of the changes Eisenhower proposed were asked by labor unions, others by employers.

Eisenhower's recommendations signaled the start of a congressional battle with sharp political overtones.

A bill already introduced by Sen. John F. Kennedy (D-Mass) was termed a half measure by the President Tuesday.

In his message, Eisenhower proposed tightening Taft-Hartley bans against certain forms of picketing and secondary boycotts —matters not included in Kennedy's bill.

Getting in ahead of the President, an AFL-CIO spokesman told Congress today that such picketing and boycott proposals would endanger passage of any labor bill this session. The AFL-CIO made it clear it would fight any new picketing and boycott bans.

Andrew J. Biemiller, AFL-CIO legislative representative, outlined that stand before a Senate Labor subcommittee an hour and a half ahead of the presidential message.

The President's recommendations generally, however, were along the lines believed acceptable to labor. In fact, he offered one surprise—a Taft-Hartley law change designed to speed up union representation elections. This would make it somewhat easier for unions to obtain bargaining rights from employers.

Like the administration's bill last year—and like the Kennedy measure this year, the President's new proposals call for detailed accounting to the government of union fund spending, with heavy penalties for fraud.

Eisenhower's program:

1. A requirement that all unions file such detailed annual reports with the Labor Department —as well as with union members —covering their financial operations; open to public inspection.

2. Require all unions to file with the Labor Department, as public information, copies of their constitutions and bylaws and certain other information.

3. All unions would be required to keep proper records on the matters on which they must report.

4. Unions and their officers would have to keep proper records on any payments or investments which create conflicts of interests or which interfere with the statutory rights of union members.

5. Union officers would be accountable for administration of union funds and property. This duty would be enforceable in courts in accounting suits.

6. Minimum standards for the conduct of elections of union officers, or their recall, would also be required. Union funds could not be used to promote candidates for union offices.

110 Candidates Selected

Picking Of America's First Space Traveler Launched

NEW YORK (AP)—Selection of America's first human space traveler is under way.

T. Keith Glennan, U.S. space chief, startled a staid dinner meeting of the Institute of Aeronautical Sciences with this disclosure Tuesday night.

The new federal space agency, he said, has picked 110 rugged young Americans as candidates for the first manned satellite to orbit the earth.

They will assembly in Washington for further tests, Glennan said, and be asked to volunteer for space flight. Within three months, their ranks will be reduced to about a dozen.

"I suspect that the one who will make the flight will not know he is to do so until count-down day," he added.

He said he does not know whether this country will get a man into orbit before the Soviet Union.

"The Russians have been at it somewhat longer than we have, and it is wholly possible they will beat us into space," Glennan told newsmen later.

The 110 potential American space pioneers were not listed by name. Glennan gave these qualifications of the man who finally will be selected:

1. A university degree in physical science or engineering.

2. A graduate of an Air Force or Navy test-pilot training school with at least 1,500 flying hours.

3. Superb condition, with the physical and psychological attributes suited for space flight as determined by aero-medical scientists.

4. Younger than 40 and no taller than 5 feet 11. There are no weight restrictions.

On the last point, the stockily built Glennan smiled and told newsmen: "I'd like to qualify myself."

Candidates for manned space flight will be known as Mercury astronauts. The United States' manned satellite program is known as Project Mercury.

Scientists See Man On Moon—Maybe In '69

WASHINGTON (AP)—Fifty top scientists peered into space today and saw a man on the moon—perhaps by 1969.

Or man may set foot on the moon in 1965 and zoom on to Mars and Venus three years later. That is assuming space projects get very high priority and a billion dollars a year, says Herbert F. York, the Pentagon's research chief.

The views of York and other space experts, including five from other free world countries, were issued in a report by the House Space Committee on "The Next 10 Years in Space."

The report asked, "Where does fantasy end and reality begin?" In their answers to committee questionnaires, the scientists were dead serious, even if they varied widely on the timing of seemingly fantastic events. Their outside time limit on trips to the moon and beyond was generally 20 years.

For other ventures—like development of a possible death ray weapon able to shatter objects from hundreds of miles in space—the time was indefinite.

3 Burglaries Solved With Man's Arrest

Area Resident Held For Grand Jury With Bond Of $2,000 Set

At least three East Liverpool burglary cases and the looting of soft drink machines at three service stations have been solved with the arrest of a 23-year-old man who gave a signed statement Tuesday night to Police Chief Americo J. Radeschi and Patrolman Thomas A. Walker of the Special Service Bureau.

William Earl Price of R. D. 1 confessed to the burglary of the Litten Tire Sales building on the River Rd. last March 23 or 24, in which four recapped tires were taken; an entry the same night at the nearby Miller Pump & Supply Co. building, in which nothing was taken, and a burglary last March 20 at the Speedy Car Wash on Broadway, in which $21 was taken from a rifled soft drink machine.

Price was held for the Grand Jury under $2,000 bond when he pleaded guilty to the burglary of the car wash building at arraignment today before Municipal Judge George L. Brokaw.

Prosecuting Atty. William L. Brokaw has been advised of the other confessions and intends to present the cases direct to the Grand Jury if he feels it is advisable, Assistant Solicitor Richard J. Clark said.

Price also confessed to the looting of a drink vending machine July 11 at the Al Gloeckner Ashland Service Station on Lisbon St., in which $4 was taken, and breaking into similar machines on the night of July 29 at two adjoining Pennsylvania Ave. service stations, in which the loot totaled about $8.

Price said he looted machines at the Ray Wilson Service Station and the Chan Gulf Service Station, which are located in the same block on Pennsylvania Ave. He also admitted making an unsuccessful attempt to enter another vending machine at Hamilton's Cities Service Station, which is in the same area.

Police said Price has admitted breaking into the coin box of an ice vending machine at the Gold-

90 Days Given For City's Bid On Flood Fund

East Liverpool and other Ohio cities that suffered damage to municipal facilities in last week's floods have 90 days in which to file applications for federal aid to finance "temporary emergency repairs," City Engineer George S. Bloomgren learned Tuesday afternoon at a meeting in Alliance.

Bloomgren represented the city at one of five regional meetings arranged by Gov. Michael V. DiSalle for explanation of the procedure required for seeking aid to repair flood-damaged facilities.

No applications for aid were taken, but the governmental representatives were told the circumstances under which requests can be made, the engineer reported to Mayor Fred P. Lawrence. The application forms also were distributed.

The deadline for requests was extended to 90 days because some of the harder hit municipalities require time to assess the full extent of their damage, Bloomgren explained. The city expects to file a request for $60,554 to repair River Rd. pavement, replace guardrails and build a stone revetment along part of the embankment.

"Actually, it doesn't look hopeful that East Liverpool will get much, if any, federal aid, because the government people emphasized that the aid is for temporary emergency repairs and they are not interested in completely rebuilding facilities like a street or guardrail," the mayor said. "But we will file our application."

The application will be handled by the federal Civil Defense agency, he said. Any funds appropriated by federal or state governments apparently will be set aside in a special fund to be administered by the CD, he added. Applications for aid will be reviewed by state and federal agencies, including the Army Corps of Engineers, which administers inland waterways and facilities, the mayor said.

County officials and Civil Defense representatives also attended the session.

Cities May Be Paid 10 Per Cent Of Loss

LISBON—Municipal and county officials attending a regional meeting on flood damage claims Tuesday afternoon at Alliance were told they may receive funds representing only 10 per cent of their overall losses, County Commissioner R. Max Gard said today.

In the case of East Liverpool's $60,000 claim, the city could expect to receive only about $6,000 and Leetonia—which said it had $1,650 in damage—could expect to obtain $165, Gard said. Paying only a per centage of loss might be necessary because of the high total of loss throughout the state, Gard said.

Board Awaits 150 Aspirants In Next 7 Days

Only 51 Candidates Filed, With 200 Due By Feb. 4 Deadline

With only 51 candidates entered officially for the May 5 primaries in 8 cities and villages, about 150 are expected to file in the week remaining before the deadline Feb. 4 at 4 p.m., Frank O'Hanlon, clerk of the County Election Board, said today.

O'Hanlon estimated today that only about 25 per cent of the candidates the board expects have filed their petitions. In the last similar election 2 years ago, a total of 197 candidates was listed, he pointed out.

Meanwhile, the board issued a call today for printers' bids on ballots for the primaries and poll books for both the May voting and the November general election.

The bids will be received until 2 p.m. Feb. 9. The board expects to award contracts at 8 p.m. the same date, O'Hanlon said. Feb. 9 also is "sufficiency day" for petitions filed by candidates for the primary. The board determines if the petitions are "sufficient" in the eyes of the law—in other words if the candidates are qualified for ballot places.

Primaries will be held in May in four cities and four larger villages. The communities are East Liverpool, Wellsville, East Palestine and Salem cities and Lisbon, Salineville, Leetonia and Columbiana villages.

John F. Kelly, 1029 Vine St., the only local candidate to enter overnight with the County Election Board, filed for the Democratic nomination for Second Ward councilman in the May 5 primaries.

Weirton Trucker Hurt When Rig Leaves Road

A Weirton truck driver was injured when his steel-laden rig veered off a curve at Williamsport about 4:45 a. m. today, overturned down an embankment and hit a tree.

The State Highway Patrol at Lisbon said Anthony Scarford, 49, was headed north when his rig swerved wide on a curve of Route 7.

Steel coils on the rig were scattered near the road, but traffic was not blocked. Scarford was treated at City Hospital for lacerations of the forehead and eyelid and bruises of the body.

He was charged with reckless operation.

Railways Eye Rates Cut To Fight Seaway

CLEVELAND (AP)—The railroad industry is getting ready to cut freight rates in a battle against the St. Lawrence Seaway. A new rate package should be ready by summer, says a New York Central executive.

"The railroad industry does not plan to take the seaway lying down," Arthur S. Baylis, freight rates and services vice president of the New York Central System, declared.

"If we can help in its demise, we'll do it," he told a seaway symposium at John Carroll University Tuesday.

A sample of the rate cuts Baylis said are being considered: A cut of 10 per cent on unboxed automobiles bound for Liverpool, a cut of 40 to 50 per cent on overseas grain shipments, 24 per cent on ammonium nitrate and 20 per cent on lard.

These are tentative, he stressed, since final details of seaway operations and rates are now known.

"By summer we will have a new rate package that will build the railroads up and protect our investment," Baylis said.

Other adjustments are being considered, he said, which might involve "long-haul rates, seasonal rates, volume or contract rates or point-to-point rates."

Baylis was one of seven panelists at a discussion of "The Seaway and Your Business" at the symposium, which was sponsored by the university and the Cleveland Chamber of Commerce.

Martin W. Oettershagen, deputy director of the St. Lawrence Seaway Development Corp., declined comment on Baylis' statement. He said there will be a comment when the railroad industry's threat "becomes a fact."

Hearing Opens In Senate

Labor-Management Blasts Due In Legislature On SUB

COLUMBUS, Ohio (AP)—Labor and management big guns open a barrage tonight in the Ohio Legislature to blast away a legal barried to supplemental unemployment benefits (SUB).

The opening hearing on the SUB measure in the Senate comes only a day after Gov. Michael V. DiSalle urged action on the matter "at the earliest possible moment."

The SUB bill is sponsored by two of the senate's most influential Democrats, Majority Leader Frank W. King of Toledo and Sen. Charles J. Carney of Youngstown. It would permit a laid-off worker to receive state unemployment compensation and SUB from his employer at the same time.

The Ohio Supreme Court has held that SUB is remuneration and must be deducted from state benefits. Steel, rubber and auto firm representatives are expected to join labor in urging legislation to permit SUB in Ohio.

Instead of taking headlong action, the two legislative houses paused to take a second look at two bills asking a total of 13½ million dollars — 3 millions for emergency flood relief and 10½ millions to cover the state share of regular poor relief for the rest of the fiscal year which ends June 30.

The House wants assurances the 3 millions won't duplicate Red Cross aid to flood sufferers. The Senate wants to be sure the 10½ millions will do the whole relief job for the rest of the fiscal year.

Indications at the close of the first hearing on Carney's fair employment practices (FEP) bill were that it will be before the Senate for a floor vote fairly soon. Next Tuesday's meeting of the State Government Committee, of which Carney is chairman, will be devoted to hearing opponents to FEP.

DiSalle's state-of-the-state message urged "action now" on FEP. The Carney bill would set up an Ohio Civil Rights Commission of five and an executive director to enforce rules and regulations to prevent discrimination based on race, color, religion, national origin or ancestry. Employers of four or more persons would be affected.

Another 33 bills were introduced during the day, including measures to:

Exempt restaurant meals and prescription medicine from sales tax.

Provide an additional Common Pleas judge in Lake County.

Require that a child entering school must be six years old by Sept. 15.

Permit the closing of courthouses on Saturdays without reducing pay of employes.

Set minimum pension for teacher with 25 years service at $100 monthly.

Establish telephone emergency system on turnpikes with phones no more than three miles apart.

Flood Damage Cited

WARREN, Ohio (AP) — Damage caused by a flood of the Mahoning River is estimated at $4,277,000 by Mayor William C. Burbank of Warren. Some 300 persons evacuated from their homes during last week's flood were permitted to return to their homes Tuesday. Several hundred still were being cared for at the National Guard Armory and Packard Music Hall.

Crash Blamed On Auto's Skid

Parked Cars Struck In Klondyke Mishap

An auto's skid on icy pavement was blamed for a crash that damaged two parked cars Tuesday on Harvey Ave., Klondyke.

A 1953 sedan driven by Carl J. Graham, 55, of 997 Peake St. struck parked autos owned by Richard Kennedy, 2113 Harvey Ave., and Roy Sell, 2123 Harvey Ave., officers said. The crash occurred about 300 feet east of Putnam St.

Graham told police he was driving east about 15 miles an hour after halting for the traffic light at Putman St. and Harvey Ave., when another car halted ahead to pick up a passenger. Graham said he lost control, causing his car to skid to the right and hit Kennedy's auto. Graham's car then crossed to the left and struck Sell's car, police said. The crash was timed about 7 a. m.

Robert O. Wright, 349 Garfield St., told police his 1952 model truck was damaged in a hit-skip crash on W. 5th St. Tuesday at 5 p. m. as he pulled from a parking place. He said the truck was struck by a passing car, damaging the left front fender and bumper. He gave police a license number which was traced to a Newell man.

Another collision Tuesday at Summit Ln. and Jackson St. damaged a 1953 sedan operated by Robert M. Duffy, 42, of 901 McKinnon Ave. and a 1956 sedan driven by Glenn W. Wiley of Glenmoor, police said. Duffy said he was pulling from a parking lot when he noticed Wiley's car. He said he applied the brakes, but failed to stop because of snow and ice on the pavement.

Turkish Agents Crack Money Smuggling Ring

ISTANBUL, Turkey (AP) — Treasury agents said today they have cracked a ring that smuggled abroad up to 300 million Turkish lire—33 million dollars—a year.

Nine Istanbul businessmen were arrested on charges of smuggling the currency to banks in the United States, Switzerland, Britain, West Germany and other countries.

Nixon Says Reds Contradict Call For Easing Of Tensions

NEW YORK (AP)—Vice President Richard M. Nixon says the latest Soviet call for a reduction of East-West tensions is contradicted by Moscow's actions.

While the Soviets are calling for a thaw in the cold war, Nixon said Tuesday night, the only proposals they have made on major international issues "have been designed not to end the cold war but to give them an advantage in prosecuting it."

Soviet Premier Nikita S. Khrushchev told a Communist party congress in Moscow Tuesday that the Soviet Union hopes for an easing of tension between East and West. This echoed the sentiments of his Monday statement that Deputy Premier Anastas I. Mikoyan's recent visit to the United States had given Soviet leaders "the idea that the possibility of a thaw in our relations is not excluded."

Nixon told a Fordham College Alumni Assn. dinner: "We agree with Mr. Khrushchev that there is a great opportunity at this time for making a breakthrough in reducing world tensions.

"But this is true only if he sees the wisdom of thawing out the frozen Soviet position of the past."

Nixon said the United States also wants a thaw in the cold war "because we realize that if there is none, we will all eventually be frozen in the ice so hard that only a nuclear bomb will break it.

"But there is very little chance for a thaw in a world climate which is constantly subjected to the icy blasts of Soviet propaganda against all those who stand in the way of international communism's drive to dominate the world."

Youngstown Tube Sees Upturn In Operations

YOUNGSTOWN, Ohio (AP)—Improvement in operations of the Youngstown Sheet & Tube Co. for the first six months of 1959 is forecast by J. L. Mauthe, chairman of the board.

Reporting Tuesday on preliminary figures covering the firm's 1958 operations, Mauthe told shareholders:

"There seems to be little question that the steel inventory liquidation which was such a depressing factor on steel operations in 1958 has . . . given way to inventory accumulation."

The nation's sixth largest steel producer reported net income of $21,501,320, equal to $6.23 a share, for last year. This compared with $42,508,579, or $12.35 a share, for 1957.

Senate Group Sifts Improper Use Of Labor Union Funds

WASHINGTON (AP)—The Senate Labor-Management Committee sought today to learn who got huge sums it contends were improperly charged against labor union welfare and pension funds.

The committee received testimony Tuesday that James R. Hoffa, president of the Teamsters Union, worked with New York insurance executive Leo Perlman and Chicago insurance broker Allen Dorfma to set up the deals originally.

Witnesses testified that between them, Perlman and Dorfman overcharged three different labor union welfare-pension funds at least $1,650,000 and perhaps as much as $2,250,000 for their insurance.

Neither Hoffa nor Perlman is on the announced witness list. But Dorfman invoked the Fifth Amendment in refusing to give any testimony about his insurance business. He said answers might incriminate him.

The testimony about the alleged overcharges came from Seymour Goodman, supervising examiner of the New York State Insurance Department, and Martin Uhlmann, a staff investigator for the committee.

Goodman said Dorfman has been stripped of his license to do business in New York for refusing to let the state's insurance examiners see some of his office records.

Goodman and Uhlmann said the overcharges were against the Central Conference of Teamsters, the Michigan Conference of Teamsters, and Chicago Local 1031 of the International Brotherhood of Electrical Workers.

When these discomforts come on with over-exertion or stress and strain —you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. New, large size saves money. Get Doan's Pills today!

DID SOMEBODY MENTION GASOLINE MILEAGE?

Although we deliberately engineered improved gas mileage into the '59 Buicks, we have not made much point of it in previous advertising for THE Car. People's driving habits can get very different results even from the same car. So we are now happy to report that our plans for greater economy of operation have been very successful indeed . . . in everyday owner experience.

Owners report excellent records

Most owners are naturally proud of their new cars, and may sometimes overstate a little. But even allowing for that, listen to these reports from owners! A Detroit man drove his Electra 9,000 miles around the country, and reports a little over 19 miles a gallon. A Louisiana LeSabre, with Twin Turbine Transmission, after 4,000 miles is giving its owner 17.6 miles per gallon. A St. Paul man reports 18.1. From Atlanta comes 17.5. From Pittsfield, Mass., 20. Some are even higher. Some lower. But these are typical.

Tests confirm new economy

Recently a very thorough set of tests was run, putting Buick LeSabre and another car of comparable size which is known for good economy, through identical tests under all sorts of driving conditions. The Buick came out best in every single test.

How Buick mileage was improved

It took a combination of several steps. New, more efficient Wildcat engines was one . . . compression up to 10.5, better carburetion. In the case of LeSabre there is also a new, twin-barrel economy carburetor as standard equipment. All this to get more power out of the fuel. In addition, new combinations of transmissions and rear axles put this power to work more efficiently.

Owners also report QUALITY outstanding

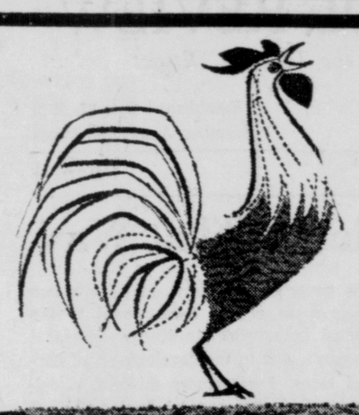

"Best-performing Buick ever!" . . . "My sixth Buick and the best I ever owned" . . . "Best operating car I've driven in thirty years" . . . "Much the best Buick yet!" . . . Learn for yourself why this year's Buick owners are so enthusiastic. Go to your Quality Buick Dealer and see why *The* Car is *The* Buy.

Ohio Should Be Planning It That Way

Gov. DiSalle thinks his proposal for a department of industrial and economic development is the most important change in the organization of state government in the last 25 years.

It could very well be as important as he thinks it is if he can get it started on the right foot. Every troublesome problem that confronts Ohioans would come within the jurisdiction of such a department.

Ohio's tax policy, for example, is a key factor in the development of industry and business. The climate of industrial relations also has direct bearing on the state's well-being and its prospects of progress. The governor says he hopes to bring together representatives of the public labor and management to talk about the state's growth.

As to taxes, always the touchiest policy matter, the DiSalle administration is wisely staying clear of early commitments. Gov. DiSalle says what is obvious, that if Ohio continues to spend more and more money it must find new tax sources. But except for opposing a state income tax, he does not say what the new sources should be.

Neither does he say Ohio should back away from expanded spending; he specifically mentions poor relief, aid to the aged, the school needs that must be met.

THE GREATEST contribution that DiSalle could make to the state's continued financial health would be a clear concept of its financial responsibility.

It could clear up, for instance, the cloudy concept of what the state does with its money. Under an allocation system that Ohioans never have understood clearly, two thirds or more of the money paid to the state must be returned to schools and local governments, due to the development of earmarked taxes. Furthermore millions of dollars are outside the general fund and must be used for specific purposes.

The school people always clamor for more than they can get. So do spokesmen for local government, with a view to making it appear that Columbus is being stingy with money that belongs to them.

Local tax-spenders continually put the state government under the lash for not giving them more to spend. But if they were challenged to defend the state government in a demand for more and higher taxes, they would be the first to accuse it of spendthrift tendencies.

OHIO DOES NOT have a clear picture of state finances. Its ideas about responsibility for schools and local government are foggy.

Gov. DiSalle will be the state's first four-year administrator—the first governor who will not have to start running for re-election at the end of his first year on the job. He will have a chance to carry through some basic improvements. He will have to stick out his official neck and get it back before the next gubernatorial election.

Nothing he could do would be a bigger boost for industrial and economic development than to give his state an uncluttered comprehension of its tax structure and the state and local uses to which revenue is put.

That would be the most important change in the organization of state government for the last 50 years, not merely 25 years.

State vs. Individual Capitalism

One of the hottest sparks struck by the Mikoyan visit, which rasped across so many inflammatory issues, was the definition of "state capitalism."

Secretary of State Dulles said in his farewell message to the first deputy premier of the Soviet Union: "President Eisenhower is aware that you operate under a system of state capitalism, and he hopes it has been useful for you to have seen the progress of our people under a system of individual capitalism."

Whereupon Mr. Mikoyan flared in his thank-you note to Secretary Dulles:

"The fact that the U.S.A. is a capitalist country and the Soviet Union a socialist country should not interfere with our cooperation in the interests of strengthening peace. By the way, your telegram contains a strange definition of the Soviet system . . . It may be hoped that during our next meetings we shall be able to discuss in greater detail the questions of ideology in which you show interest."

IN A SYSTEM of individual capitalism, all collections of capital and uses of capital are in non-government hands.

The fact is that the United States is not now and has not been for a long time a system of pure individual capitalism. Here, too, state capitalism has become a tremendous force, as it inevitably must be when 10 cents of every dollar paid in federal taxes must be diverted to pay interest on the federal debt and when the government can make or break the economy by raising and lowering its rate of spending and "investing," to use the more agreeable term favored by the Spendocrats.

The further fact is that the Soviet Union is not now and has not been for a long time a system of Marxist Communism, because from Lenin through Stalin to Khrushchev the foremost Russian problem has been economic survival.

The Soviet Union has turned to state capitalism to survive, whether Mikoyan wants to call it by its right name or not.

To the extent that the United States finds state capitalists asserting themselves, as the Democrat-Spendocrats did last week in a statement by the Democratic Adivsory Council, it is in danger of becoming more like the Soviet Union.

THE ISSUE is not between Communism and capitalism, if it ever was. That is an absurd oversimplification. The issue is between a nation practicing state capitalism under authoritarian political control and a nation trying to preserve individual capitalism against the opposition of those who would be much happier if they had both authoritarianism and state capitalism. The two are, in fact, inseparable.

The Democrat-Spendocrats are asking for a country completely controlled by Washington which, in turn, would be controlled by them.

33 Federal Stamps

Thirty-three federal gambling stamps have been purchased in northern Hancock County for 1959.

Slot machines and pinball machines are involved in most cases.

With the operation wide open in many places, this question again comes up: "How come so much activity and so few arrests?" Law enforcement agencies hold the answer in 1959 as they have in the past.

The Once Over

By H. I. Phillips

Fidel Castro must have suffered from lack of sleep and advisers in performing do-it-yourself job of changing himself from a heroic crusader into a candidate for a Hollywood horror film.

It is not likely a man capable of his courage, dedication, endurance could suddenly become a Wrongway Beatnik, Peck's Bad Boy and VistaVision Dracula unless he was walking in his "sleeplessness."

It could be that after a week in bed, this liberator in the pattern of Garibaldi will cease to present a composite picture of Cortez, Billy the Kid, Davy Crockett, Donald Duck, Sir Galahad, Wrong-Way Corrigan, Kossuth and Krazy Kat. It was a weird portrait for a time.

Z. PETTIGREW YACKYACK, our personal psychiatrist, says he has studied Fidel carefully. "Castro will come through okay with a few tranquilizers and adequate rest," he says. "His main need is a 'Don't Disturb' sign on his bedroom door.

"He suffered from same trouble as the no-hit pitcher who reads his press notices through a magnifying glass, and the college football hero who makes six touchdowns, intercepts 22 passes, drives the opposition coach out of town and then thinks he has been voted the man of the year.

"I think he is a brave guy and a dedicated liberator who had lived too long on uncooked herbs and mountain squirrel meat, fought too long with too little and suffered a breakdown in the grand climax of wild cheers.

"The mystery is where were his advisers when he popped off so wildly and had the out-of-character idea that life-or-death trials in a sports arena represented bright behavior?

"Most of his Cabinet are educated, responsible, well balanced men. They had slept well, enjoyed morning shower baths and had time to study history. Why didn't they manage to say 'Look, Fidel, let's not foul up what could be an epic in outrage. Get some SHUT-EYE for the good of your self and Cuba. And check on that brother of yours.' "

IF CASTRO'S SWITCH from ruthlessness isn't genuine he can kill the cigar business and bring the safety razor its best year.

Mickey Rooey may be cast in the movie to play Fiorello LaGuardia. Now for Jackie Gleason to play Al Smith and Tennessee Ernie to take role of Grover Cleveland.

Ike calls for a livelier GOP. Things have reached the point where you hear people say, "Look, that must be a Republican; I saw him move."

The League of New York Theaters has prevailed on some plays to begin matinees at 2 p. m. This will annoy ladies who regard the theatre as a cozy spot to spend half a day yack-yacking.

Plenty of folks are asking, "What next in a day when prostitutes' confessions can come into the American home by telecast and when the living room isn't protected from candid interviews on harlotry, with wisecracks and giggles?"

Postmaster Summerfield predicts swift delivery of mail across the world by rockets painted red, white and blue. In the meantime the idea of delivering it by hand a distance of 50 miles in less than two days will have to wait. Mr. Summerfield perpetuates the system of abolishing all means of tracing a lost special delivery. For years special delivery stamp called for a receipt. It was abolished a decade or more ago, which is okay with him, even if it represents the farthest north from rocket deliveries.

Odd Facts

The five smallest independent countries in the world are: The State of Vatican City, with an area of 108.7 acres; the Principality of Monaco, area 7.76 square miles; the Republic of San Marino, area 38 square miles; the Principality of Liechtenstein, area 65 square miles; and the Republic of Andorra, area 191 square miles.

The so-called petrified wood found in Arizona and other places really contains no wood at all. The former woody cells were filled long ago with forms of quartz, and the wood has disappeared.

The smallest capital city in the world is Andorra-la-Viaja, of the Republic of Andorra, with a population of 600.

It's Chilly All Over!

Rackets Pressure Road Projects

By Victor Riesel

On a clear night, if you're one of the few left who look earthwards, you can see the rackets' (sic) red glare—as hundreds of thousands of dollars worth of high-powered construction machinery is sent bursting in air by the mobs' bombs.

Victor Riesel

Almost unnoticed except by those in earshot of the crackling explosives and flames, there is an industrial war by night spreading across the land. In recent months $30,000 cranes, sides of buildings, newly laid lengths of pavement, cars and intricate equipment have been blistered. Noise of the detonations has been heard in Missouri, Iowa, Nebraska and Kansas.

All this is documented. Some of it is in the live files of the McClellan racket-busting committee. Some of the evidence is in reports and briefings I received while mingling for two days with members of the Associated General Contractors—the men who build the dams for America's power, the roads for America's travel and the complex projects for America's prosperity.

IN ALL MY TALKS I heard rare criticism of honest unionism. But there was bitterness. There was wonderment that no force could stop the mob force used by hoods who had taken control of the type of union now being exposed and about to be exposed by Sen. McClellan and Counselor Bob Kennedy's committeemen.

There was the report of the ripping by dynamite of the side of a building in which contractors were meeting.

There was the report of dynamite blasts smashing the power units of a crawler and tractor—cost $25,000—belonging to the Ira Van Buskirk and Sons Co. of Harwarden, Iowa. The machinery was being used on an interstate highway project.

There were reports of earlier blasts of power draglines, construction equipment, concrete mixers, trenchers, cranes and paving machines in Midwest states.

I found the contractors especially disturbed by the "Jensen Case." This has been a sort of hundred days war.

Early last September, the Jensen Co. of Des Moines was about to start on a federal contract to build a highway bridge across the Platte River, near the town of Bellevue, Neb. This story may be known to the good people of Omaha, 10 miles away. But despite the rumbling of dynamite, the noise never hit the east or west coasts.

THE JENSEN CO. is a non-union outfit. That is one issue. Destruction by vandals of the company's property, attacks on its officials and blasting of its home office weave into the equally fundamental issue of terror in the image of European Fascism.

For, what else could a loud explosion on the night of Sept. 4 have meant? The morning after the big noise, company officials found their $30,000 crane twisted inside itself. Damage—$18,000.

As the following weeks telescoped themselves, rocks were heaved at company executives. Auto windshields were smashed. Sand was poured into gas tanks. Roads were blocked by logs. A company official was pursued in an 80-mile-an-hour chase.

But the authorities could do little. The sheriff kept order when he could. But there were no federal laws to punish any one, oddly enough, for terror against a project paid for by federal funds.

A LAW which would have made such tactics a national violation died in the Senate last year. Thus the Justice Dept. couldn't move in or order in the FBI.

Only the McClellan committee was left. Now even this may not be with us long. There is labor pressure to make the evenly balanced committee a Democratic controlled one. This could be done by the appointment of a Democrat to the seat of Ex-Sen. Irving Ives.

If this happens, Sen. McClellan will resign. That is what he has told his friends. He does not believe the committee should be controlled by either party.

If he tosses in the gavel, Bob Kennedy will resign too. Without this team, the committee will founder and run up on the legislative reefs. For with the slim crusader from Boston will go many of his key probers.

Racket busting would be over for a while. But not the rackets' red glare—stirring up huge, dancing shadows to mock the people everywhere.

Not A Betting Proposition

By Truman Twill

It is unlikely I ever will own and operate a boat. But I am not going to bet on it.

The National Motor Boat Show that has just had a sensational run in New York sold nearly 30 million dollars' worth of boats, engines and accessories in a week and a half.

Manufacturers cleaning up on the boating craze estimate their market this year will add up to two and a half billion dollars, a husky 15 per cent over last year.

Boats are big business even when they're small. It is possible to get $10,000 tied up in one without trying. Even modest mariners who have been caught up in the craze are putting as much into boats as they used to put into cars.

If auto manufacturers haven't been told by their sales analysts that boat owners quit thinking about their cars as prestige symbols, they haven't been getting their money's worth of analysis.

The airplane craze that was going to sweep this country never came to pass, because airplanes were awkward to store and operate. For a time, it looked as if a genius might make a plane that could be kept in the garage with its wings folded, but in the meantime a genius did show how to tow a boat behind an automobile. That did it!

Anyone who lived within driving range of water could have a boat after that. Boating no longer was a luxury restricted to people who lived near the shoreline.

Though some of us will never own and operate boats of our own, it would be risky to bet on, with things they way they are. Tens of thousands of boat-owners once would have been willing to wager they'd never belong to the Swiss navy.

That's what it is — the Swiss navy.

It is many times the size of the historic flotilla that floated the beleaguered British expeditionary force off the beaches at Dunkirk.

If all the boats in it were put into the water at once, the displacement would raise the tide at Hongkong two inches.

If all the boats, boat trailers and automobiles and trucks to pull the trailers were lined up end to end, they would reach around the world twice, with 200 runabouts and 300 cruisers left over.

If all the capital represented were put into one pile, every tax-spender in Washington would grab a shovel and come a-running.

Undoubtedly the next big work-relief project in this country will be a two-lane east-west canal from New York to Seattle for the convenience of the Swiss Navy, with a duplicate facility running the same direction further south, where it will be ice-free the year 'round.

This will be connected in due time with canals running north and south and to all other points of the compass, because boat owners, like auto owners, will not be denied all the comforts and conveniences the public owes them in pursuit of their happiness.

There even will come to be, in due course of time, an amphibious automobile that will do away with boat trailers, relieve congestion in the garage, give the owner more latitude in getting away for long weekends and cut the auto industry in on the biggest opportunity for new business since hydraulic brakes.

Then, if ever, I will own and operate a boat, probably something the size of a dinghy that will get 22 miles to the gallon on land and two-thirds as much on water, with galley and sleeping room aft for four midgets or two adults. But not until then — though I wouldn't bet on it.

Down Through The Years

From The Review Files

THIRTY YEARS AGO—Charles "Mickey" Hanlon was appointed fire chief of Wellsville.

Recommendations for funds with which to employ two motorcycle patrolmen for the outlying residential sections were presented Council by Mayor Ralph C. Benedum.

TWENTY YEARS AGO—Eleven speakers representing the schools and a cross section of the community life addressed freshmen and sophomores during a high school assembly.

The state-owned Chester bridge acquired by the state bridge commission, made a net profit of $49,241 during the last three months of 1938.

Harry Brokaw, former municipal judge, discussed the jury system as an educational feature at the meeting of East Liverpool Lodge 379, Odd Fellows.

TEN YEARS AGO — The Rev. Frederick T. Gillette and William H. Vodrey Jr., Clifford Hendley, Ray Parker and Jack Eccleston, members of the vestry, were delegates from St. Stephen's Episcopal Church at the annual diocesan convention in Cleveland.

A child and adult Health Clinic was sponsored by the Chester Women's Club.

Maj. Richard Stoddard, of East Liverpool discussed "Aviation" at the meeting of the Wellsville Kiwanis Club.

Montreal, Toronto, Vancouver, Winnipeg, Hamilton, Ottawa, Quebec, Edmonton, Calgary, and Windsor are the ten largest cities of Canada.

Frustrating Taxation

By David Lawrence

Corporation Levies Strangle Business Incentive

What is the "mood" of American business today? Lately there has been considerable discussion as to what has to be done if America is to keep the lead in the race with the Communist system. Adlai Stevenson, in recent speeches, spoke of this country as pursuing a "fat, dumb, happy, complacent way" in the face of Soviet competition and describes the struggle as being waged "between a chaotic, selfish, indifferent commercial society and the iron discipline of the Communist world."

David Lawrence

There are other criticisms, too. Many businessmen have in their minds today the "image" of a frustrated America. They see the incentives missing for the extra push that used to be so important in the competitive arena. Thus, for instance, a businessman from the West Coast, who has been rather successful himself and who travels around the country quite a lot, dropped in for a chat with this correspondent the other evening. When asked what he found to be the mood of businessmen generally, he said:

"I am sorry to say that I find a widespread discouragement — really a lack of incentive. Businesses try hard, in this day of competition, to increase their volume of sales, but they are face to face with the necessity of giving more than half of their profits to the government and of using more and more of their income to meet wage demands.

"Now the feeling is growing that there isn't much chance of a tax reduction for corporations, and this, more than any other factor, is killing the very incentive and stimulus we need for a growing America.

"As for the executive, what incentive is there for him, since most of any increase in salary he may get goes to the tax collector, anyhow?"

YET EVERY DAY in the debate over the President's budget —between the "spenders" and the "savers" — many of the Democrats are taking the position that all that is needed for national growth is for the government to spend more.

Their argument is that the gross national product will increase just because population increases. Very little thought seems to be given to the fact that a "commercial society," as Mr. Stevenson describes it, can deteriorate very rapidly without incentives and under a heavy tax burden.

Today, 52 cents out of every dollar of profit a corporation makes must go to the federal government for taxes. On top of this are state and local taxes. Even if all the remainder were paid out in dividends —which can't be done, because funds have to be set aside for new plant and equipment and future contingencies — the individual stockholders still would have to pay to the federal government in taxes anywhere from 20 to 90 per cent of their receipts from this same corporation.

While the radicals like to talk in collective figures about business earnings before taxes, they usually overlook the plight of the marginal companies.

REALISTICALLY speaking, Republican Chairman Alcorn should not be worried about the "image of big business" as being something Republican. It fits the Democratic party even better. For, in the last 25 years, the Democrats have passed tax laws that favor big business and monopoly.

As for big unionism, it has consistently favored big business as against small business by setting the wage scales so high that the marginal companies cannot pay them and must seek mergers with the larger companies as the only way out of the dilemma.

The wave of mergers in recent years is largely due to the inability of marginal companies to make ends meet, because of high labor costs. The labor leaders like to quote the collective profits of a given industry as the basis for wage demands. They never separate an industry into big and marginal categories, respectively, so that one may see how most of the profits are made by the big three or four in an industry, while the 20 or 30 marginal companies make small profits or are forced into the red when recessions come.

America may be approaching a truly critical period in her economic history. Until the federal corporation taxes are reduced considerably, there is very little prospect that America will travel again the road of sound growth and economic progress.

Actually, if the corporation taxes were reduced from 52 per cent to 40 per cent, the federal government would collect far more total revenue than it does today, because the volume of business would be materially increased due to the incentive and stimulus given to all businesses.

Letters To The Editor

Although I read most of the "Letters To The Editor" I never have written one myself because I'm just a working man and probably will be called a griper who wants to spout off.

After reading the Jan. 20 issue of The Review, I began to wonder how dumb some of our community leaders really think we are.

Although I have been a resident of Wellsville for more than 50 years, East Liverpool is my birthplace and we lived there several years before moving to Wellsville. Therefore, what concerns East Liverpool is also of interest to me. And when visiting with friends and relatives out of the state, I often mention the fact that East Liverpool is just four miles from my home town. From now on, if things don't change, I think I'll just forget to add that last part.

When a municipality gets to the place where it can't meet its financial budget without reaching into the pockets of a worker going through his town twice a day for toll to cross a state-owned bridge carrying a federal highway, I think it is time to do as our President, Mr. Eisenhower, said several days ago in so many words: "We will either have to control our spending or revert to price controls which (he says) is un-American."

If you intend putting a toll collector on the Chester bridge, why not just put a toll gate on the super-road just west of your city limits? You then could get into our pockets for two tolls each way. We people who work for a living are easy going (at least you seem to think we are) so we won't mind.

Furthermore, why should the errors of our forefathers be laid on our shoulders. I'm old enough to know when East Liverpool was really the "Pottery Center of America". Why did they leave and move to West Virginia? If my memory hasn't failed me, I think it was the fact of cheaper taxes, and also no chance of expansion was an excuse. Just recently the American Paper Products moved away. Why? I don't really know.

Why does the city government turn to the day laborer and expect them to make up the deficit caused by the loss of revenue from the industries that have moved? No one wants to stand in the way of progress, but at this time I think East Liverpool doesn't need the roundabout freeway anymore than a farmer needs a whistle on a plow.

If we keep on being taxed and tolled, it won't be long until our boss will say "Here is 20 per cent of your earnings. We are keeping 80 per cent for taxes." Then he will hand us a little red badge with the hammer and sickle upon it and tell us to come back next week and work harder so we can pay more taxes.

Sounds farfetched, doesn't it? But remember our colonies had a "Boston Tea Party" on account of taxes and also they lashed back at their mother country because of taxes.

So, please, let us all take stock and see if we can't get back to where we will strive to live within our means.

You know during the depression if we couldn't buy both shoes and socks we forgot about the socks and got the shoes, which were the most necessary.

Yours for a more economical government from our federal agencies down to our own doorstep.

School Health Group Elects

McBride Will Head County Conference

LISBON — County School Supt. James L. McBride was elected chairman of the Lake Hope Conference team at a noon meeting Tuesday at the Wick Hotel. Fifteen members of the school health group attended.

Paul Blair, assistant superintendent of East Liverpool schools, was named vice president, and Miss Lillian Schroeder of Salem was named secretary.

The conference was made a permanent group for closer liaison between the County Health and Safety Council and the school health program.

A discussion was held on the extension of membership and it was decided that a teacher each from Salem and East Liverpool will be added. A dentist may also be added and Blair will head a group to discuss selection of the dentist.

In a few weeks, a handbook will be distributed. It was released with approval of the Columbiana County Medical Society and county nurses, school nurses and teachers will be instructed in how to promote the school health program with the handbook.

The group agreed on pre-school immunizations in place of preschool clinics and all Boards of Education of the various schools, will be asked to request this service for their kindergartens or first grades from the County Health Department.

The county society has asked the State Medical Society's recommendation for the fourth polio shots and the schools will make a survey to find out how many children need shots to complete the series.

Another meeting will be held in April, according to McBride.

7. Regulate union action in putting local unions under trusteeship.

8. Give the secretary of labor power to police the union fund accounting and require democratic procedure in union operation.

9. Provide criminal penalties for misuse of union funds, concealing or destroying records, and for improper payments between employers and union leaders.

10. Preserve for union members any present remedies, under state or federal laws, in addition to those recommended in the new administration program.

11. Tighten present secondary boycott bans of the Taft-Hartley law so as to prohibit coercion of employers as well as employes.

12. Prohibit picketing to compel an employer to give a union bargaining rights in cases where employes have indicated they don't want a union.

13. Authorize the National Labor Relations Board to refuse to take cases where the impact on commerce is relatively insubstantial, and transfer jurisdiction over such cases to state courts or agencies.

14. Eliminate a present ban against strikers voting in an election to determine whether a union shall continue to represent a struck employer's workers. Eligibility of strikers to vote would be left to the discretion of the NLRB.

15. Permit the NLRB to grant construction trade unions bargaining rights before employes are hired, and without an election.

16. Authorize the NLRB to hold bargaining rights elections without prior hearing where there is no substantial objection.

17. Make employers, as well as union officials, file non-Communist affidavits.

18. Prohibit any requirement to negotiate a change in a collective bargaining agreement during the life of a contract, unless by mutual consent.

19. Authorize the president to appoint an acting general counsel of the NLRB whenever a vacancy in that office occurs.

20. Require that the five-man NLRB be politically bipartisan with no more than three members from the same political party. There is no such present requirement, and the board at present has three Republicans and two Democrats.

Wellsville Event's Tuesday

Expert In Music Origins To Be Arts Club's Guest

Dr. Abe Laufe, piano - playing professor at Pittsburgh, will present a program for the "Guest Night" of the Wellsville Arts Club Tuesday at 8 p. m. in the Daw Junior High School.

Through his witty and interesting monologue and piano-playing, Dr. Laufe will show how "Music Is Fun." He demonstrates his ability to improvise by making a new melody from telephone numbers given him by his audience. His repertoire includes anecdotes about how songs were born and a collection of tunes and lyrics that are alike.

He was born in Pittsburgh and was graduated from Peabody High School 1928, the University of Pittsburgh with a BA degree in 1928, a MA degree in 1935 and Ph.D in 1952 and attended Columbia University in the summers of 1935 and 1936.

He is associate professor of English at Pittsburgh University, receiving his appointment in 1953. Dr. Laufe was in the Special Service Division of the Army from 1942-45, spending most of his time at Washington and Lee University in an Army School. He was discharged as a master sergeant with a Legion of Merit Award.

Dr. Laufe's hobby is the study of musical comedies and writing. He has had between 70 and 80 items in various publications and magazines and the Educational Forum.

DR. ABE LAUFE
He's Piano-Playing Professor.

Hostesses will be Mrs. Louise Lawton and her music committee and Miss Aletha Baum and her flower committee. Mrs. Myron Weis, program chairman, will introduce Dr. Laufe.

Damage Of $200 Set In Chester Car Crash

Cars driven by Austin R. Allison, 1725 Wooster Ave., and Donald R. Wright of Route 30 near Chester received damages totaling $200 in a collision at Church Alley and 4th St. in Chester Tuesday afternoon at 1:50.

Police said Allison backed out of Church Alley onto 4th St. and his car struck Wright's headed south on 4th. Police Chief Floyd Lyons investigated.

Mothers Sing As PTA Chorus

Heights Third Grade Wins In Attendance

Selections by a "Mothers' Chorus" featured the program of the Pleasant Heights Parent-Teacher Association Monday night.

Mrs. Howard Merriman was program director. The chorus was directed by Mrs. Austen Moore, and Mrs. Judson Allison was accompanist.

Mrs. Jean Snow presided for business in the absence of the president and vice president. A report on the PTA Federation meeting held earlier this month was presented by Mrs. E. C. Derr. Mrs. Amberry Brown, treasurer, reported a balance of $730.

Members were reminded of tonight's "Mothers March on Polio" by Mrs. Raymond Bigelow, chairman in the Pleasant Heights area. Homeroom mothers are selling wrapping paper and bows to obtain funds for school projects. The sixth grade is selling valentines to help finance a trip to Pittsburgh in the spring.

Devotions were conducted by Mrs. Eva Pittenger. The group repeated the Lord's Prayer and the pledge of allegiance. Singing of "America" was accompanied by Mrs. Alice Brown.

The third grade taught by Mrs. Minnie Gillespie received the attendance banner. Cookies and coffee were served by the homeroom mothers.

Cub Scouts, Brownies and Girl Scouts will have charge of the program at the meeting Feb. 23. Homeroom mothers are planning a bake sale.

Indian Camp Sites Spared By Flood

Despite the recent flood, old Indian camp and village sites along the Ohio River and its tributaries still are in good condition for excavation or surface collection of relics. Harry M. Cline of Wellsville reported Monday night to the Abroiginal Explorers Club meeting.

The club met at the home of H. A. Dawson of Boring Ln., president, with Ray Simoni of Smiths Ferry as host. Harry R. Cline, also of Wellsville, explained how stone age man used stone-pointed spears with a spear thrower—a shaft with hook-like projections that fitted into the butt end of the spear.

Robert Davidson made on-the-spot pastel drawings of Indian scenes. Color slides of Indian rock shelters were shown by Simoni. Richard S. Thompson gave a report on the first blockhouse or fort in Jefferson County, which was located near Warrenton.

James Woodrow of Wellsville described his recent find while excavating in an Indian camp site in the Yellow Creek area—a human jaw bone, 44 bone beads and other relics.

William Patterson gave the annual treasurer's report. The next meeting will be Feb. 9 at Patterson's home in Persimmon Ln. Woodrow will present a project.

Waterford Man Held For Market Burglary

LISBON — Samuel Robert Hurst, 25, of New Waterford was bound over to the April Grand Jury under $1,000 bond by County Judge James L. MacDonald Tuesday on the burglary of Carter's Market on Route 7, south of East Fairfield.

Hurst was cited by Sheriff Russell J. VanFossan for the breaking and entering on Aug. 5, 1958. He pleaded guilty.

The market also was broken into early Thursday morning and about $68 in groceries, cigarettes, candy and $1 in change stolen.

Khrushchev Reverses Himself

Memory Of Stalin Getting Favorable Soviet Revival

By JAMES MARLOW

WASHINGTON (AP) — The memory of Stalin is getting a favorable revival in the Soviet Union.

Three years ago at the Communist party's congress Nikita S. Khrushchev denounced the old dictator as a tyrant and murderer.

At the 21st party congress Tuesday Khrushchev reversed himself and paid tribute to Stalin for having made possible Soviet progress from a backward state to a great power.

Why? What's happened in the three years to justify the switch?

It was expedient for Khrushchev to do what he did in 1956. Then he wanted to replace the scowling Stalin-image of the Soviet Union, which was the only one the world knew, with the image of a jolly, friendly land.

In three years, under Khrushchev's prodding, the Soviet Union has made a lot of progress in inching in on neighboring countries, with economic help and other influences.

But something else has happened, too: the Soviets have made such evident progress in science that the world has to respect them for their progress and their power.

Khrushchev can afford now to be more charitable to the memory of the old tyrant whose bloody regime spanned not only the Soviet Union's most formative years but most of its existence from the 1917 revolution until now.

There's another point: historically Khrushchev would look a little ridiculous trying to make a hobby of downgrading Stalin for, no matter how the dictator was despised, it was he who made the Soviets present progress possible.

He did it at terrible cost in human lives: not only through his purges and his police terror but by keeping the masses on an extremely low economic level while Soviet resources were pumped into industrial development.

At this price progress—toward making the U.S.S.R. an industrial and scientific giant — was achieved. That much can never be taken away from Stalin. It would be foolish for Khrushchev or anyone else to deny Stalin's accomplishments.

But perhaps the most interesting thing that has developed out of the nation taken over by Khrushchev is that its achievements have been so dazzling the world has grown cautious about dismissing too lightly Soviet claims for the future.

For example: Khrushchev is launching the Soviet Union on a 7-year plan of economic development. There was a time, back in the 1930's, when Soviet plans did not seem particularly impressive, since the economy was on a low level.

But since the world's realization of Soviet development—particularly in missiles—there is bound to be a hesitancy about taking lightly Khrushchev's claims for the future.

He knows it, of course, and it's one reason why, perhaps, he can afford to look as relaxed and self-confident as he does.

DeMille Leaves Love, Admiration For Widow

LOS ANGELES (AP)—Because she has independent means, the widow of Cecil B. DeMille received nothing in his will. But her name was prominently mentioned.

The famed producer-director expressed in the document his love and admiration for Mrs. De Mille. Meantime, he left more than half of his multimillion dollar estate to their daughter, Cecilia De Mille Harper.

A fourth of De Mille's securities was left in trust for another daughter, Katherine De Mille Quinn, wife of actor Anthony Quinn; and sons Richard and John.

HAMILTON, Ohio (AP)—A two-car collision at an Ohio 4 intersection near Fairfield City Saturday caused injuries that were fatal to Bertram Pater, 51, at Mercy Hospital Tuesday night.

New York Officer Has Trouble With Ohio Driver Tag

CINCINNATI (AP) — At least one New York policeman apparently has trouble reading Ohio driver's licenses.

A notice Tuesday to County Auditor George Guckenberger warned him to show up in New York Magistrate court in 10 days or send a check for $20. Otherwise, his license will be revoked on a speeding charge.

Guckenberger said he hasn't been in New York in years and never lived at the Cincinnati address listed. "Up to this time, I have never been cited for anything," he said.

But he's figured out what happened. As a deputy state registrar, his name appears on all licenses issued by his office.

The arresting officer, he said, just picked the wrong name from the license.

Chicago Boy To Become Only Negro Page Boy In U.S. House

CHICAGO (AP)—A Chicago boy left for Washington Tuesday night to become the only Negro page boy in the U.S. House of Representatives.

The youth, James A. Johnson Jr., 14, was appointed a page under the sponsorship of Rep. Barratt O'Hara, a Chicago Democrat.

O'Hara, who said there was a slight mixup over approval of the boy's appointment by the House Patronage Committee, said he had been assured by Southern congressmen they would not oppose it.

"I inquired more than a year ago, when the boy's name first was mentioned to me, if there ever had been Negro pages before in the house," O'Hara said. "I did not want to push the boy into an integration battle which might prove embarrassing.

"I was assured that there had been Negro pages before. Now they contend the House never had one, but my grandson, Barratt III, told me that when he was a page there were Negro pages."

O'Hara, in Chicago to address his grandson's, high school commencement exercises, said confusion arose when members of the House Patronage Committee thought O'Hara and Rep. Thomas J. O'Brien, also a Chicago Democrat, were appointing the same boy, Martin J. Oberman.

O'Hara, 76 and serving his fifth term in the House, said the committee apparently was not aware he had submitted a separate nomination, which was approved.

Veteran Capitol employes said they did not recall any Negro ever having served there as a page. There is one Negro page at the Supreme Court.

First Polio Case Cited

CINCINNATI (AP) — The City Health Office reported Tuesday the year's first polio case here — a four-year-old boy who has paralytic polio and did not have Salk vaccine shots.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann: I am heartbroken. Here you are my favorite—and what did I read in your column but a swipe at me and my colleagues! I sell insurance.

This all goes back to the woman who sloshed around in her nightgown till noon. The man who came to sell insurance said he was embarrassed by the state of undress of the Average American Housewife.

Then a minister got into the act. He said women SHOULD get dressed up in the morning out of respect to the family. You defended the slobs by saying "a woman's home is her castle," and then came the blow. You said, "And no one should criticize her—least of all a guy who came to sell insurance." It was then that I died.

Honest, Annie, insurance salesmen are a hard-working bunch. And we perform a real service. Too bad the balloon-head who wrote and complained about the Average American Housewife didn't make it clear he was speaking only for himself. He wasn't speaking for me, or any of the insurance salesmen I know.

We don't care WHAT the lady of the house is wearing. The only coverage we're interested in is ample coverage for the family in time of need.

Be a good girl and print this.—SAM.

-:-

Dear Sam: I am happy to print this for you and for the other insurance salesmen (and their wives) who bleated from coast to coast.

Please remember, all you Guardian Angels, it was one of your own number who fired the opening volley. It was the insurance agent who drew a bead on the housewife. Take this up at your next sales meeting.

Call Off The Moose

Dear Ann: I'm crazy about a girl who is 17. She has to drag her 16-year-old sister along on every date because her folks say so. If she can't get a date for The Moose (her fat sister) she can't go.

My buddies have been swell about helping out. The trouble is, I've run out of buddies. No one will take the sister out a second time and I can't blame them. She's gruesome. Also, she can eat a fellow out of his whole week's allowance. Once she ate so much I slipped a guy $2 to help him out.

Please help me with this problem. It's ruining my life.—IRV.

-:-

Dear Irv: Since you can no longer shove The Moose on your friends tell your girl unless she springs herself from this Siamese arrangement you'll have to date other girls. Then go ahead and do it.

The parents are unfair to inflict this game of Double or Nothing on your girl. Perhaps THIS is what she needs to rebel against it.

Father Complex

Dear Ann Landers: In a recent column you said, "A young girl who falls for a man old enough to be her father feels rejected by her own dad and is still looking for Papa."

While this is absolutely correct, there's another explanation for such behavior in girls. A young woman who is extremely fond of her father, and very much attached to him emotionally, often shuns men in her own age group and becomes interested in men who remind her of Dad.

I hope you will make this clear because your comment may have made some fathers feel guilty.—G.N.

-:-

Dear G.N.: You are right right. The letter to which you refer was written by a girl who was rejected by her father (and said so). She had failed to see the connection between this and her constant involvement with older men.

I'm pleased you wrote, lest some of my readers get the impression that it is ONLY rejection that sends a young girl into the arms of an older man. It could be father worship as well. Thank you.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review enclosing a stamped, self-addressed envelope.

Credit Union Elects Officers At Midland

Officers of the CSAM Federal Credit Union of the Midland Works of the Crucible Steel Co. were elected at a reorganization Tuesday afternoon in the mill.

William F. Moll succeeded Nile H. Wain as president, and Wain was elected vice president. Others elected were F. G. Wilton, secretary-treasurer and Charles L. Smith, assistant treasurer.

Office terms are for one year. Officers were elected from the Board of Directors picked Thursday at a membership meeting.

Safety Movie Shown Cubs

Equipment Seen By Pack At Newell

A movie on safety and demonstration of various articles of safety equipment featured the meeting of Cub Pack 10 Tuesday night in the Jefferson School at Newell.

Melvin Whittington, a safety inspector at the Crucible Steel Co. in Midland, screened the film, "Knowing Is Not Enough." He also presented a brief talk on safety and displayed equipment issued to the workers at the steel firm. Whittington was introduced by James Seevers, cubmaster.

"Highlights of 1958," a skit about news, sports and entertainment, was presented by Mrs. Helen Howell and Mrs. Helen McKenna, den mothers. The theme of the meeting was "Cub Scout Newsman."

It was announced that the pack committee will meet Tuesday, Feb. 17. The annual "Blue and Gold" banquet will be held in the fire hall Feb. 28 at 6 p. m. Parents have been asked to participate.

The pledge of allegiance was led by Den 5 with Mrs. Evelyn Vukas in charge. Den 5 closed the meeting with a living circle and repeating of the Cub Scout law of the pack. The attendance banner was awarded Den 4.

Hammondsville

Announcement has been made of the marriage of Miss Catherine Baker, daughter of Mr. and Mrs. Stanley Baker, to Craig Hawley, which occurred Oct. 20 in the Methodist parsonage at Winchester, Va.

Rites were solemnized by the Rev. John Taylor.

The bride is a 1953 graduate of Irondale High School and the A. & H. School of Beauty Culture in East Liverpool. She is employed in the Marion Beauty Shop in Mansfield.

Her husband, a graduate of Robertsdale (Pa.) High School, is a World War II veteran and works for the Eastern Express Trucking Co. in Bedford. They will reside in Bedford.

Hancock PTA Group To Mark 21st Anniversary Thursday

The 21st anniversary of the founding of the Hancock County Council of Parent - Teacher Associations will be observed at a meeting Thursday night at 7:30 in the Cove School in Weirton.

The Founder's Day program, to be directed by Mrs. William McMillan of Weirton, chairman, will feature evaluation reports by 14 unit members. "Where Children Come First" is the theme.

The council was organized in January 1938 by delegates from Cove, Weirton, New Cumberland, Weirton Heights, Liberty, Marland Heights, Chester and Newell schools. Mrs. A. W. McConnell of Weirton was the first president. A. L. Rabenstein, former superintendent of county schools, was the initial secretary, and W. T. Parsons of Chester was the first vice president.

Besides Mrs. McConnell, other presidents include William T. Parsons, Mrs. Robert Smith, Mrs. Arthur Matthews, Mrs. Ben Wills, Mrs. James Lohr, Mrs. Alexander McIntosh, Mrs. W. E. Hall, Mrs. John Stankiewicz, Mrs. Alfred Kinney, Mrs. Ira Cline, Mrs. Everett Harless and Mrs. John C. Morris. Mrs. Matthew Javersak is the 1958-59 president.

4-H News

The Hilltoppers 4-H Club met Monday night at the home of Jo Anne Persohn of the Campground Rd. and members discussed projects for the year. Roll call response was places to visit.

There were games and refreshments were served by Mrs. Joseph Persohn.

The next meeting is Feb. 9 at the home of Nancy Greenwood of Idaho Ave.

The Standard Oil Co. will present an illustrated program of tractor lubrication principles when the Columbiana County 4-H Tractor Club meets Monday at 8 p. m. at the Gause & Richey farm supply near Guilford Lake.

Don Myers, county extension agent in 4-H work, said there will be election of officers and project books will be distributed and future programs will be discussed.

Charles Gause of Hanoverton is advisor.

Committees for 1959 were named at a meeting of the Shawnee 4-H Club Tuesday night with Bertha Reed of Indiana Ave., Chester.

The committees are:

Program — Bertha Cunningham and Norma Hoyt; health — Polly Graham, Christina Lyle and Bertha Reed; finance — Ruth Ann Burch, Sondra Hayes and Becky McDonald; recreation — Janice Lyle, Bonnie Dickey and Happy Gail Edwards.

Safety — Carol Erwin and Bonnie Graham; conservation — Bonnie Kenney and Monnie Kenney.

Refreshments were served 16 by Mrs. L. H. Reed and Jane Williamson. Mrs. Robert Burch is leader. The next meeting will be Feb. 9.

Hancock Field Hospital To Arrive By Feb. 15

Hancock County's portable field hospital to be used by Civil Defense workers in event of emergency is due to arrive at Tomlinson Run State Park near Pughtown by Feb. 15, it was reported today.

Norman D. Ferrari of Weirton, the county's CD director, said he conferred with federal officials Tuesday and was told the portable unit could be expected by mid-February.

It will be stored in a renovated brick home at the park and can be moved to any Ohio Valley community when needed. The equipment probably will be transported to the county by a fleet of Army trucks.

Federal officials allotted only two of the hospitals to West Virginia.

The Chinese and Japanese belong to the Mongolian race.

200 Sleepless Hours

Disc Jockey On Threshold Of Medical Achievement

By ROBERT M. FARRINGTON

NEW YORK (AP) — A young and comparatively unknown disc jockey stands today on the threshold of an unmatched medical achievement—200 sleepless hours under constant scientific watch.

Doctors and psychiatrists who have been watching him, and helping him fight off collapse, think Peter Tripp, 32, is a medical rarity. They also admire him for his driving determination. Without it, they say, nothing could have kept his eyes open so long.

Tripp's personality has changed what seemed like another publicity stunt into an interesting scientific experiment.

"There has never been such a study made before," says Dr. Louis Jolyon West, director of psychiatry for the University of Oklahoma Medical School. "This man has been under 24-hour psychiatric observation for over a week. Every utterance, every attitude during this great stress has been noted down. There is nothing we haven't measured. We know him through and through. And I'll tell you something, he's a man."

Tripp, who plays records nightly for three hours over radio station WMGM, started it all by saying he would stay awake 200 hours to draw attention to the March of Dimes campaign for funds. Furthermore, he would spend his time in a glass-enclosed recruiting booth in the heart of garish Times Square.

Tripp's 200 hours—8½ days—will be up at 7:14 p.m. EST tonight. Even if he falls short of this goal, West and Williams know of no one else who has gone as long as Tripp without sleep under minute-by-minute supervision.

What does it matter? What do you gain from watching a man stay awake?

"Medically, there is great interest in sleep deprivation," West says. "It induces a kind of mental disturbance which can be reversed. Mental health research is handicapped by the difficulty of trying to produce the disease in a laboratory for study."

He said no doctor is willing to produce a real mental illness in a person so as to study the disease. Sleep loss, however, can imitate some effects of mental illness.

There are numerous other scientific aspects of the study, most of them having to do with the brain and the central nervous system. Williams presides over an instrument-packed room in the Hotel Astor to which Tripp is steered from his Times Square booth every few hours. A doctor and a psychiatric nurse are at his elbow night and day.

New Scout Troop, Parents Guests Of Pack Meeting

The newly organized Boy Scout Troop 74 of the LaCroft Parent-Teacher Association was honored at its first meeting Monday night with the boys and parents guests for the session of Cub Scout Pack 74 in the all-purpose room of the school.

Austen Moore, cubmaster, presented Paul R. Smith, scoutmaster, who introduced the assistant scoutmasters, Edward Papuszek and Arthur Lightfoot, and the guest speaker, Dan Keller, Southern District commissioner.

Kelley, who discussed the theme of "scouts today becoming the scout leaders of the future and parents of scouts," presented tenderfoot awards to:

John Baker, Carl Mack, Billy Barron, Fred. Lghtfoot, Arthur Smith, Gary Densmore, Jeffery Witheroe, Robert Williams, David Adkins, Larry Marshal, Thomas McKee, Thomas Baker, Thomas Morris and Danny Fitch.

Moore then took charge of the meeting and the dens held their sessions with each giving songs. Pack members received awards.

The scouts closed the session with their oath and pledge. Lunch was served by members of the pack.

Some 150 attended.

Ohio's Slipping Back Into Banks At Cincinnati

CINCINNATI (AP) — The Ohio River is slipping back into its banks, there's no rain in sight and it may even warm up a little later this week.

That in a nutshell is the good news today for hundreds of refugees, relief workers, police and highway crews in the wake of the river's rain-choked crest.

The U.S. Weather Bureau pegged the river at 54.2 feet at midnight Tuesday night and expects it to be 52.5 tonight and under the 52 foot flood stage by Thursday morning.

Officials of 16 southwest Ohio counties conferred Tuesday on procedures for seeking federal funds to rehabilitate flood - damaged public property.

Delegates were told the procedure calls for the county civil defense director to apply for the aid.

At the meeting, state civil defense leaders said they could not yet figure how much the total damage bill in federal aid will be.

A similar meeting was planned here today for officials of individual communities hit by floods.

Ohio Senate Honors Fund Head And Staff

COLUMBUS, Ohio (AP) — The Ohio Senate has honored Director Chester W. Goble of the Korean Compensation Fund and his staff.

A resolution commending "the efficient manner in which they have carried out their task" of paying the bonus was presented Tuesday by Sens. Lowell Fess (R-Greene) and Ray T. Miller Jr. (D-Cuyahoga).

Goble and his staff paid 49 million dollars to 227,592 claimants.

Mortgages Hit 14,494 In '58

$14,414,756 Value Listed By Recorder

LISBON — There were 14,494 chattel mortgages filed in 1958 for a consideration of $14,414,756, Mrs. Frances Morton, Columbiana County recorder, said today in her annual report.

This represents an increase of $1,011,338 in value and 343 more instruments over the 1957 figures.

She said 3,967 deeds were received for record — a decrease of 79. Real estate mortgages last year numbered 2,839 for a consideration of $20,426,089, representing a decrease of 118 instruments and an increase in value of $153,968 over 1957.

Real estate cancelations in 1958 amounted to $13,432,881, a decrease of 2 instruments, but an increase in consideration of $234,814 over 1957.

The recorder's office handled a total of 24,436 instruments and returned $23,323 in fees to the county treasurer.

She said 179 servicemen's discharge papers were received and recorded without charge, servicemen are entitled to one free certified copy of their recorded discharge. She also had 413 federal liens and 36 criminal bonds for which she received no filing fees.

The recorder's office personnel consists of Mrs. Miriam Hollister, Thelma Lindesmith, Blanche Neill, Nora Henry and Ruth Cornelli of Lisbon, Mrs. Margaret Laughlin, chief deputy, of East Liverpool, and Mrs. Ihla Farmer of Lisbon, working on a part-time basis.

How Can I? ? ?

By ANNE ASHLEY

Q. How can I make a good sandwich filling out of cold salmon?

A. Make a smooth paste of cold salmon and cream cheese. Then add stuffed olives, which have been cut in halves. This makes a delicious sandwich filling.

Q. How can I judge the quality of potatoes when buying a large quantity?

A. Cut a potato into halves, then press them together. Unless the halves are juicy enough to stick together, do not buy them.

Q. How can I quickly remove a disagreeable odor from the room?

A. Burn some dried orange peel on a pie pan over a low gas flame or electric plate.

New York County Could Use Cowhands With Steers Loose

WHITE PLAINS, N.Y. (AP) — New York City's neighboring Westchester County could sure use a few honest-to-gosh cowhands.

Five Black Angus steers have been on the loose since Dec. 20, and folks are beginning to get kind of put out because nobody can catch 'em.

They've been roaming over what seems like half the county giving people quite a fright, messing up lawns and chewing up prize shrubbery.

Great posses of police and citizens have been after the critters day after day with cars, airplanes, helicopters, horses, walkie-talkies and tranquilized alfalfa hay.

But the steers are just as far from the corral as they ever were. Every time anybody gets near, they just go high-tailing off for somewhere else. Then frantic phone calls begin coming from people there.

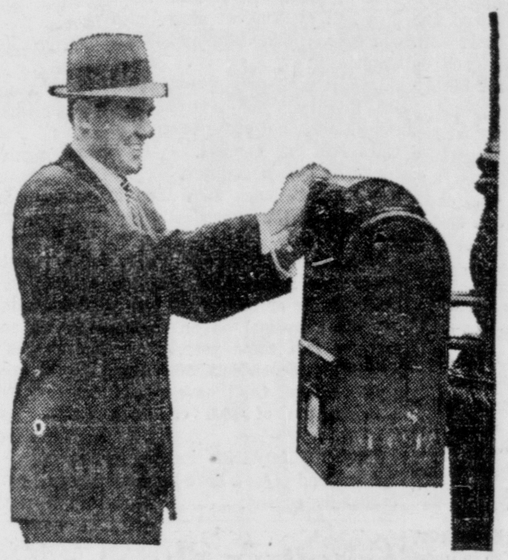

Several times the local cowpokes have gotten pretty close. That's all they got, though, except for frustration and bramble scratches in scrambling away from the stampede.

One police officer had to take to a tree when a roundup was tried a few days ago. Another time a fellow didn't take off in time and wound up with a dislocated shoulder.

Six of the steers got away from the Norda Experimental Farm at the start. One was killed not long afterward. Officers brought out their heavy artillery when he went on a rampage during a corraling attempt.

That's what a lot of folks would like to see done with the rest of them.

Your Income Tax–No. 3

Bless The Tax-Cutting Exemptions, But Be Sure Before Claiming Them

(This story tells about exemptions and describes income that doesn't have to be counted. Earlier articles explained tax forms and classes of returns. Others will discuss job-connected expenses, deductions and methods of checking your work. Clip and save all for use when you prepare your return.)

By FRANK CORMIER
Associated Press Staff Writer

All last year you worried about supporting your dependents—your family and perhaps other relations or a down-and-out friend who came to dinner and never left. Now you can rejoice and add up your string of $600 income tax exemptions.

Exemptions are the biggest single tax-cutting device. Each one lops $600 off the top of your taxable income. If you can claim enough of them, you'll owe no tax at all.

The rules for claiming exemptions are stiff and often misunderstood. Many taxpayers, for example, don't know that the man-who-came-to-dinner may be a legitimate tax exemption.

Another question that puzzles many taxpayers: what is income? It may be that some of the money you received in 1958 isn't considered income by Uncle Sam.

—:—

EXEMPTIONS will be discussed first—because they're a more pleasant topic.

You are sure to get at least one exemption, for yourself. And you get a second one if you were 65 or over on or before Jan. 1, 1959.

If you file a joint return, you also get one for your spouse—two if your mate is 65 or over.

Any blind taxpayer is entitled to still another exemption.

Additional exemptions are granted for your children, members of your household (not counting servants) and dependent relatives.

There are five tests which must be met by such people if you are to claim them as exemptions. They must:

1.—Have received more than half their total support from you.

2.—Not have filed a joint return for 1958 with their husband or wife.

3.—Be a citizen of the United States or a resident of the United States, Canada, Mexico, Panama or the Canal Zone.

4.—Either have been a member of your household for the entire taxable year (that can cover a long-time dinner guest), or be related to you, or your spouse if you file jointly.

5.—Have received less than $600 in total reportable income during 1958.

There are exceptions to this fifth requirement. You can claim one exemption for each of your children regardless of his or her income, provided the child was under 19 at any time during the tax year or was a fulltime student. These exceptions also apply to stepchildren and legally adopted children.

It is important to note that your children must meet the other four tests or you can't claim them as exemptions.

—:—

INCIDENTALLY, you can ignore the value of any scholarship in figuring out whether you provide more than half the total support of a son or daughter who is a student. Benefits under the GI bill, though, do count as part of a student's support.

The relatives who can be claimed as exemptions even though they're not members of your household are: mother, father, mother-in-law, father-in-law, brother, sister, step-brother, stepsister, brother-in-low, sister-in-law, son-in-law, daughter-in-law, step-mother, stepfather, grandparents, grandchildren or—when related by blood—aunt, uncle, niece or nephew.

In some cases, several people chip in to provide more than half the support of a relative, such as a widowed mother. Although none of them contributes more than half the support alone, each can take a turn claiming the exemption if:

1.—The supported person meets the five tests for a dependent, except that no one person provides half the support.

2.—The person claiming the exemption contributes more than 10 per cent of the dependent's support.

3.—Each other person in the group files a statement with IRS declaring he or she is not claiming the individual as an exemption for that same year.

Note that dependents, other than your children, can't have reportable income of $600 or more.

—:—

THE FOLLOWING income is tax-free and doesn't have to be reported by anyone:

State and federal Social Security payments, workmen's compensation (including state and federal unemployment benefits) and payments under the Railroad Retirement Act.

In heritances and death benefits from life insurance policies.

All government payments and benefits to veterans and their families, except interest on terminal leave bonds and retirement pay not connected with a disability.

Gifts, meaning money or anything of value for which you performed no service whatever.

Interest on state and municipal bonds.

Subsistence and rental allowances to members of the armed forces.

Dividends on GI life insurance programs (but not interest on dividends left on deposit with the Veterans Administration).

You also can ignore several other categories in adding up your taxable income, but there are strings attached.

Prizes and awards are exempt from taxes if given in recognition of past accomplishments in civic, literary, artistic, educational, scientific, charitable or religious fields. If you had to enter a contest to get a prize or award, or agreed to perform a substantial future service for the donor, the prizes and awards are taxable.

—:—

SCHOLARSHIPS also are tax exempt if the recipient is a candidate for a degree. If the recipient isn't a candidate for a degree, the maximum exempt amount is $300 a month for 36 months.

Remember, too, as noted in an earlier article, that the first $50 of dividends on stock ($100 if you file a joint return and the stock is owned jointly with your wife) generally is tax exempt.

In addition, dividends subject to tax are eligible for a special tax credit which is explained on page 14 of the IRS instruction booklet.

The odds are that any other money you collected during 1958 is taxable. To run down the list of taxable income:

Wages, salaries, bonuses, commissions, fees, tips, interest, profits from the sale or exchange of property rents and royalties, profits from farm, business or profession, income from estates or trusts.

Even alimony and separate maintenance or support payments received from someone who deducted them on his or her tax return are taxable.

County's Share $40 Million In Proposed Federal Budget

Columbiana County's "share" of the 1959-60 federal budget proposed by President Dwight Eisenhower will be $40,222,336, according to the Ohio Chamber of Commerce.

The state's share of the $77 billion budget, if enacted into law, would be $4.6 billion, or a statewide average of $501.46 per capita.

The county's share, based on an estimated 1958 population of 107,734, would result in a cost of $374.60 per capita, the Chamber report shows.

On the basis of 1957 county property taxes assessed, the county's share of the federal budget would be almost eight times the county tax burden.

The estimate of Ohio's share is based on calculations by the Ohio Chamber's Research Department showing that the state's taxpayers pay 6.16 per cent of the total federal tax burden.

By comparison of expenditures within the State, Ohio's estimated share of $4,743,200,000 in Federal taxes is 12.7 times the total amount of $374,611,882 in expenditures for operation, maintenance and interest by 141 Ohio cities in 1956.

Ohio's share of the budget is 2.6 times the total amount of $1,842,485,793 constituting the debt of local governments, counties, townships, municipalities and school districts in Ohio at the end of 1957.

Ohio's share of the budget also would enable each of the state's 138 school districts to construct a $10 million school building, each of its 77 exempted village districts to construct a $5 million school building, each of the 804 county local districts to construct a $1 million school building and still have remaining $2,174,200,000, or sufficient to operate the schools for 4.3 years at the 1957-1958 rate of expenditures for current operations which amounts to $511,907,275.

Driver Forfeits $15

LISBON — Joseph Kostelansky, 20, of Amherst forfeited $15 bond Tuesday in Mayor John Todd's court when he failed to appear on a charge of speeding. He was cited by the State Highway Patrol.

2 In Vandalism Charge To Face Juvenile Court

Two East Liverpool boys, 14 and 15, will face Juvenile Judge Louis Tobin at Lisbon Monday, Feb. 9, on charges they ripped the receiver off a telephone in an outdoor booth Jan. 9 and then hurled it through the window of a nearby home.

The boys were referred to the court Tuesday when they appeared at City Hall before Juvenile Probation Officer Chris Pusey. One of the boys also is accused of breaking windows in a Maplewood garage.

The boys were taken into custody Saturday night by Capt. Robert H. Pyle. They are accused of tearing the receiver off a phone booth at Avondale and Bank Sts. and then throwing it through a window at the home of Alma Dotson of Avondale St.

Newell Woman Hurt; Potter Injures Finger

A Newell woman hurt in a fall and pottery millwright and city woman injured in separate mishaps were treated at City Hospital Tuesday.

Mrs. Frances Adams, 424 Washington St., suffered possible fractures of the ankle and foot in a fall at home.

Nellis Webber, 43, of Lisbon R. D. 3, employe of the Homer Laughlin China Co., received a laceration of a finger at work.

Mrs. Rhea Howell of Avondale St. was treated for a wound of the lip received when bitten by her dog.

Glenmoor Man Leads In Home Head's Test

W. Wayne Thompson of Glenmoor scored the top grade of 94.26 per cent in a State Civil Service Commission test to name a new superintendent at the County Home in Lisbon to replace Ray Adam, resigned, county commissioners were advised today.

Thompson is a furnace operator in the Titanium Division of the Midland Works of the Crucible Steel Co. Russell G. Sinsley of Leetonia R. D. 2 was second with 89.55 per cent and Russell V. Phillis of Lisbon R. D. 4, the present acting superintendent, scored 88.72.

Jack W. Clunk of Columbiana R. D. 2, scored a high grade of 104.40 in the test for county dog warden. Kenneth Howard of Lisbon received 90, Russell Reichenbach of North Georgetown, the present warden, 86, and Alvin Ronshak of Lisbon R. D. 2, 85.20. In each case, commissioners may fill the post from any of the three top men.

Hearts Go Out To Flood Victims

Mount Vernon Aided By Sister City

COLUMBUS, Ohio (AP) — The floods that hit Ohio last week made an impression on the hearts of people more than 2,000 miles away.

Mount Vernon's flood troubles were publicized in cities coast to coast. They heard about it in the Ohio city's sister community, Mount Vernon, Wash., and the people there decided to do something about it.

They collected 5,000 pounds of food, clothing and blankets and got the Navy to deliver it by plane. The supplies arrived here Tuesday and was rushed by truck to Ohio's Mount Vernon where, during last week's floods, more than a third of the city was inundated.

In addition, Washington's Mount Vernon collected $1,000 as a flood relief donation for its namesake city in the Buckeye State.

Mayor Phillip G. Mauger of Mount Vernon, Ohio, was on hand to greet the plane's crew when it landed. He handed the pilot a letter to deliver to the citizens of Mount Vernon, Wash.

It said in part:

"Your kindness in coming to the aid of the citizens of Mount Vernon, Ohio, is appreciated far more than these words can convey . . . It is the interest and support of people like our neighbors in Mount Vernon, Washington, that have sustained us in this emergency. . . (to them) I send our heartfelt gratitude. . . ."

Elsewhere on the Ohio flood scene today, cities were still in the process of cleaning up.

In Fremont, where more than 1,300 persons were forced from their homes, literally millions of tons of ice remained to be removed from the streets.

The evacuees are still housed in emergency quarters or are staying at the homes of friends or relatives. Officials said none would be permitted to move back into their homes until utility lines and electrical appliances have been checked.

Flood damage to public and private property in an eight-county area of northwestern Ohio has been estimated at $3,336,000. This includes Auglaize, Logan, Hardin, Hancock, Putnam, Sandusky (excluding Fremont), Henry and Defiance counties.

Officials from these counties and the cities within them met Tuesday in Findlay with state and federal representatives. It was one of a series of area meetings to explain to local authorities how to go about applying for disaster aid.

At a similar meeting in Cincinnati, commissioners of Clermont, Brown and Scioto counties were told they can't get federal aid until they have a civil defense director. This official is responsible for seeking aid under provisions of the civil defense natural disaster act of 1950.

The commissioners were told that they need only appoint a director to qualify for the aid. They said they plan to appoint directors shortly.

Third Cuban Crimes Trial Is Postponed

By STANFORD BRADSHAW

HAVANA (AP)—The third showcase war crimes trial of Batista army officers was postponed today for celebrations of the 106th birthday of Jose Marti, Cuba's George Washington.

A military tribunal considering an appeal from the first Batistan sentenced to death in the capital, ex-Maj. Jesus Sosa Blanco, also suspended its deliberations, apparently to await new defense evidence.

The second defendant, ex-Capt. Pedro Morejon, also was expected to appeal the death sentence given him early Tuesday.

Officials of Fidel Castro's revolutionary army meanwhile announced arrests at five different places on charges of plotting to overthrow the new regime. Large supplies of weapons and ammunition also were seized, the officials reported.

Details of the alleged plot were not made public, but authorities said reunions of subversive elements had been held in various places. The plotters presumably were followers of ex-president Fulgencio Batista, the ousted dictator.

There was some speculation whether the third Havana war crimes trial would start Thursday after the Marti birthday holiday. The defendant is former Lt. Col. Ricardo Luis Grao, 45, charged—as Sosa Blanco and Morejon were — with assassination, homicide, and robbery. The new regime had called the three the top war criminals of the estimated 1,500 persons arrested since Batista fled Jan. 1.

Sales Manager Named For Concern At Lisbon

Delta-Star Electric Division of H. K. Porter Co., Inc., has announced the appointment of J. F. Zboyovsky as sales manager of the Thomas Works in Lisbon.

William C. Carpenter was appointed assistant to the manager of the Thomas Works and will devote his time exclusively to the sales area.

Zboyovsky formerly was district manager in Delta-Star's Pittsburgh office. He is a qualified electrical engineer with long sales experience. Carpenter has been with the Thomas Works for over 10 years and was formerly sales manager.

The Thomas Works, manufacturers of porcelains and insulators for the electrical manufacturing industry and public utilities, has doubled in growth in the past 5 years, bringing about the need for these appointments.

The McLain Fire Brick Division at Wellsville is another facility of H. K. Porter Co.

Group Gets Charter

COLUMBUS, Ohio (AP)—A nonprofit corporation charter has been issued to an organization advocating the repeal of the income tax amendment to the Ohio Constitution. Secretary of State Ted W. Brown issued the charter Tuesday to Repeal, Inc., of nearby Worthington.

Part Of Deep-Diving Subs Being Born Miles From Sea

By ALTON BLAKESLEE
Associated Press Science Writer

SAN ANTONIO, Tex. (AP) — Here you are 150 miles from the sea.

But here part of tomorrow's new deep-diving submarines is being born.

Here there is rarely any snow. But this is the birthplace of electronic detectors warning of hidden crevasses lurking in snow and ice.

Here there are no rocket-launching pads. But scientists are learning how to prevent liquid fuels from sloshing around in rocket engines and wobbling them off course.

"Here" is the Southwest Research Institute, one of the nation's half dozen not-for-profit foundations doing research for government and industry, solving problems, seeking new products or close-knit organization of chemists, physicists, mathematicians, biologists, geologists, engineers, and scientists of other disciplines. They tackle a dizzying variety of projects.

Submarines can dive about 600 feet before water pressure threatens to crash their hulls. Because submariners want to go deeper, SRI scientists are designing hulls which could go thousands of feet farther. Scale models are tested in a pressurized water tank system.

Crevasses bridged over and hidden by snow have long been a deadly trap for explorers, and for military men and machines in the arctic and antarctic.

SRI scientists developed an idea, tested it in Greenland. Their crevasse detector has probes or hands which reach out far ahead of a tractor or sled, and send back electrical signals to warn of a cavity beneath the snow surface. The detector is credited with preventing accidents to scientists who explored Antarctica during the International Geophysical Year.

In rocketry, SRI teams are designing internal structures in rocket engines to prevent liquid fuels from slamming and sloshing about, creating flutter in the rocket's course. They are also making tests to learn how long solid fuels in rockets stand up before they perhaps age or deteriorate so they don't fire properly. Another project is developing improved fire-fighting and fire-prevention methods at missile launching sites.

About half of all contract work is for the government, the other for industry, explains Martin Goland, SRI director.

Institute scientists helped develop an air conditioner using gas as fuel, improving the efficiency of gas-air conditioners by 30 per cent. This promises reduced fuel bills for home and industrial installations.

Geologist William Mather helps Texas industries develop native clays and minerals for building materials and ceramics. He's also interested in microscopic studies of dusts sucked into jet plane intakes, or auto engines, or dusts and soils abrading the treads of army tanks.

No one on the staff of 450—including 150 scientists — is sure what tomorrow's assignments might be.

Currently, one product is an all-in-one fuel. That is, a fuel which can be used equally well by diesel or piston engines in trucks, tanks and airplanes.

That would mean that some distant military outpost need be supplied with only one type of fuel which would operate all equipment and provide light and heat for the camp, too.

Virginia's Legislature In Special Talks

By The Associated Press

RICHMOND, Va. (AP) — Virginia's legislature meets in emergency session today with pro-segregation leaders apparently set to go to almost any lengths to prevent integration of public schools.

As the Legislature gathered to hear Gov. J. Lindsay Almond's proposals for continued segregation, plans moved forward that could lead to the integration of schools in Norfolk, Charlottesville and Arlington.

The last barrier to the operation of desegregated schools in Norfolk apparently was removed late Tuesday when Federal Judge Walter E. Hoffman restrained the city council of the state's largest city from cutting off funds for all grades above the sixth as it had proposed to do Feb. 1.

Nine schools have been closed since September—six in Norfolk, two in Charlottesville and one at Front Royal. The law under which they were shut down has been thrown out by both a special three-judge Federal Court and the Virginia Supreme Court.

There were advance indications the Almond administration would make two proposals—repeal of the state's compulsory school attendance law and enactment of new laws to provide state tuition grants for private schooling of children without any reference to the racial situation.

Bliss Seeking Reasons For GOP Setback

COLUMBUS, Ohio (AP)—State Republican Chairman Ray C. Bliss wants to learn exactly what caused the GOP catastrophe in last November's election.

The GOP lost every statewide race except one, and both houses of the Legislature went to the Democrats for the first time in a decade.

Bliss said if Republicans can learn what caused the landslide against them, it will help them prepare for a comeback in 1960.

He received a vote of confidence in the project from members of the Republican State Central and Executive Committee, with whom he met Tuesday.

Bliss said he plans a professional survey in 15 or more Ohio precincts to find out who didn't vote and why, who shifted party allegiance and why, and who wasn't eligible to vote and why.

"As I see it," Bliss said "our future problem now is one of public relations and the mechanical job of getting out the potential Republican vote. . . ."

He announced that the Republican State Committee had a balance at the end of 1958 of about $15,000. He said GOP headquarters plans to keep up a staff of about 14 or 15 between elections.

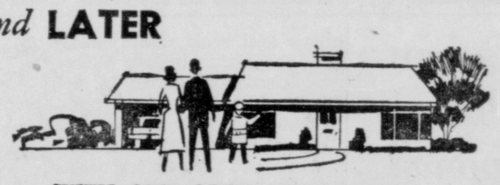

Bliss also reported the resignation of A. J. Spieler Jr., of Lima, as Fourth District state central committeeman. The chairman said business reasons were behind the resignation.

The committee elected Kent B. McGough, also of Lima, and chairman of the Allen County GOP Executive Committee, as Spieler's replacement.

The sailfish is the fastest in the world. It has been clocked as high as 70 miles an hour.

Cleveland Police Make New Bid For Sheppard Reward

CLEVELAND (AP)—The Cleveland police department is making a new effort to collect $10,000 reward money for solution of the Marilyn Sheppard slaying.

Dr. Samuel Sheppard was sentenced to life in the Ohio Penitentiary for the July 4, 1954, slaying. The Bay Village osteopath was convicted of second degree murder.

Judge Charles F. Carr ruled against a previous request for the reward by the Cleveland Police Pension Fund. He ruled the Pension Board had done nothing toward solution of the case.

This time city attorneys filed a request on behalf of the Police Department itself. They explained the money still would end up in the pension fund.

The Cleveland Police Department is the only claimant of the reward posted by the Sheppard family. The reward must be claimed by July 12.

Man Picks Up $4,628 Court Had Held Since '47

KANSAS CITY, Mo. (AP)—Robert Wallace, 67, a machinist, has picked up $4,628 which Circuit Court at Kalamazoo, Mich., had held for him since 1947.

Wallace, told the Kansas City Times Court Clerk Philip Hassing wrote out the check for the money which was left in a court trust fund after Wallace moved to Kansas City and his Kalamazoo home was sold under a mortgage foreclosure. The sale price was $4,628 greater than the mortgage.

Wallace didn't know he had the money coming until last Saturday when he was told by Roger D. Kullenberg, a Kalamazoo Gazette reporter.

"I've got another $50 coming," said Wallace. "My wife bet me $50 that the report about the court having some money waiting for us was not true."

Alben W. Barkley, who married Mrs. Carleton S. Hadley in St. Louis on Nov. 18, 1949, was the only vice president who married while in office.

PORCH LIGHT PARADE

TONIGHT

"MOTHERS MARCH ON POLIO"

Turn On Your Porch Lights To Welcome These Crusaders!

Welcome the "Mothers' March" door-to-door campaign tonight. Contribute generously to their 'Porch Light Parade."

Householders were asked to leave their lights on their porches burning from 5 to 8 p. m. if they wish to contribute to the fund.

Mothers will carry Identification and large envelopes — some will use coin receptacles with identification stickers.

The campaign is part of the nationwide drive of mothers to take part directly in the move to collect funds with which to battle polio.

ATTENTION MOTHERS!

Out Of The Air

By JOHN CROSBY

A TV Performer's Paradise

The vast and plush and immensely impressive corridors and pools and gardens and restaurants of the Hotel Fontainebleau here are awash at the moment with television folk.

John Crosby

On any morning, if you amble down to the pool, you'll hear the bell-like tones of Jan Murray's director coaching a pickup audience in how to squeal: "Take the money!" This is well rehearsed before air time which is 11:30 every morning, and put on tape.

If you drift down to the ocean front — and the Atlantic ocean seems to be just another of the Fontainebleau's bathing facilities—you'll find Murray's three writers, a scowling, sullen bunch, huddled over their lone typewriter, thinking up ad libs.

Down here virtually every vista pleases except that of the comedy writers, living in their special hell of jokes and pleasantries.

-:-

UP ON THE UPPER deck of the pool are Red Skelton's producers and, as I watched the other day, Skelton's writers collared their producer and was following conversation ensued:

"We're going to need sound effects."

"What kind of sound effects?"

"A noon whistle."

"A noon whistle? In Miami Beach?"

"A 1 o'clock whistle will do."

"Will you settle for an alarm clock?"

Around the rest of the pool, all that could be heard was the soft swish of the surf and the gentle plop of plugs for Picciolo's restaurant being dropped into the script of the Murray show.

A few weeks ago the Fontainebleau played host to "You Asked for It," an ABC show. With Murray's "Treasure Hunt," an NBC show, on the premises and Skelton's CBS show filming, this gives the hotel the true air of a Television City, the only one originating shows for all three networks.

-:-

MIAMI BEACH, which was built by publicity, always has had a passionate crush on television performers with their unrivaled capacity for spreading the good word.

And the television performers have reciprocated this passion. They love to do their shows reclining at the pool under the azure Florida skies.

But this mad and mutual passion presents great problems.

Besides tying up the pool, the Murray show is a huge octopus of a dozen or so writers and technicians, and so forth, eating its head off and living in the best rooms right in the middle of a very good season. For another, the azure skies of Florida sometimes turn black with rain — and always right on camera.

The other day the rains came right in the middle of Mr. Murray's show. Mr. Murray, whose smile is as azure as anything in Florida advertising, declared that the sun would be back out in a minute or two. And darned if the sun didn't come out again!

-:-

BUT IT WON'T always cooperate that way.

The following day the rains poured down throughout the show—hardly a good advertisement for Florida. This always has been a sore trial for the Floridian. Florida weather is great joke material for a comedian, topped only by California weather.

The tremendous audience TV at its disposal is eagerly wooed by the Florida hotel keepers, but that vast audience has been at various times entertained by the sight of Jack Paar explaining how cold he is, by Steve Allen showing his goose pimples, by Arlene Francis frankly swathed to the ankles.

If you're playing with that coaxial cable, you have to take the rough with the smooth.

-:-

UP THE BEACH a ways, Arthur Godfrey gleefully has been taping his morning and evening shows from his own hotel, the Kenilworth. The performers happily trot back and forth, guesting on one another's shows.

The other day Red Skelton, who has been packing them in at the night club in the Fontainebleau here, journeyed North and told wonderful animal stories on the Godfrey show. Godfrey in turn journeyed South and did a bit of acting on the Red Skelton show, which was filmed at the Fontainebleau.

Sitting around watching the Godfrey tape with Skelton the other day was Pat Boone. Boone has been appearing on the Godfrey morning show, talking about his book and his life and not very hard times, until ABC huffily reminded him that he was an ABC star, not a CBS one, and benched him at the Kenilworth, where, like the Fontainebleau, you're likely to be run over by TV cameras unless you're very careful.

At both places the performers put a crimp in the facilities. The pool has to be cleared while they're doing TV shows and the putting green has to be emptied.

The customers don't seem to mind. Television has accustomed all of us to watch rather than to do. Even in Florida, people seem to enjoy watching Jan Murray fall into a pool rather than falling into it themselves.

Elected By Architects

COLUMBUS, Ohio (AP) — R. Franklin Outcalt of Cleveland and Charles E. Firestone of Canton have been elected president and vice president, respectively, of the State Board of Examiners of Architects. The retiring president is Harold H. Munger of Toledo, who still has almost two years to serve as a board member.

The first steam railroad in the world run from Stockton to Darlington, England. It was completed in 1825.

Girl Scouts To Hold Baby Sitting Classes

A series of four classes on "baby sitting" for Chester area high school girls will begin at 7 Thursday evening in the social rooms of the First Church of Christ in Chester.

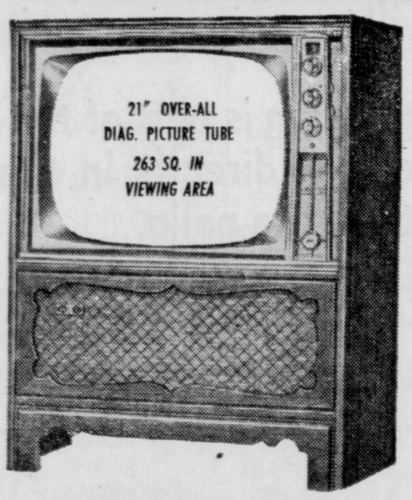

The class is being sponsored by Senior Girl Scout Troop 79, which meets at the church.

Speaker for the initial meeting will be Dr. Alex Fisher. Future speakers will be a fire chief, a first aid expert and a mother who is a registered nurse.

Mrs. Eugene Seeley, leader of the troop, said girls must attend all meetings to qualify for cards certifying them as baby sitters.

There are 31,101 verses in the Bible.

Rotary Hears S. C. Porter Jr.

Jaycee Role In Providing City Leaders Cited In Talk

The important part played by the Junior Chamber of Commerce in molding leaders for the city was underscored by Sidney C. Porter Jr., plant engineer at the Globe Brick Co., at Tuesday's luncheon meeting of the Rotary Club in the Travelers Hotel.

Speaking on "Where Is East Liverpool's Future Leadership?," Porter called on Rotarians to help select qualified young men for Jaycee membership to provide an adequate supply of responsible leaders for the city's future.

Porter, a 1952 graduate of Ohio State University at Columbus, has been a member of the Jaycees for five years and is a member of the Rotary's program committee.

"Leaders are not born — they are trained in one way or another," Porter declared, touching on the Jaycee system which provides training for members in learning to speak in public, learning parliamentary procedures and becoming acquainted with committee chairmanship.

He also pointed to the responsibilities learned in serving as a Jaycee officer where a member received an instruction on methods of operating a business and becomes aware that he "can't shirk responsibilities."

"The East Liverpool Jaycees need your support," Porter said. "If you help the Jaycees, they will in turn help you in community and business affairs."

A man must be between 21 and 35 and in good standing in the community, to become a member, he said, citing the only requirements.

Porter also briefly discussed various projects of the Junior Chamber, which fluctuate from time to time because of different ideas of young men as members.

He urged Rotarians to "think how to improve your future," and asked them to consider individuals they might know who are qualified for Jaycee membership so that "they may be trained for civic leadership."

Porter was introduced by Dean Wilhelm, president.

Charles Taylor mentioned the "On - to - New - York Committee," planning to attend the Rotary International convention in New York June 7-11.

It was announced that a club assembly will be held next Tuesday, following the luncheon. Guests were present from Weirton and Midland.

Area Marines Take Training

7 Recent Recruits Go To Camp Lejeune

Seven area Marines recently completed recruit training at the Marine Corps Recruit Depot at Parris Island, S. C., and have been transferred to Camp Lejeune, N. C., for four weeks of advance training.

Sgt. Arthur C. Whisonant, East Liverpool Marine Corps recruiter, said they are:

Pvt. James E. Johnson, son of Mr. and Mrs. George L. Johnson, 336 Sarah St., East Liverpool.

Pvt. Gerald L. Dunlevy, son of Mr. and Mrs. Paul H. Dunlevy, 36 1st St., and Pvt. Dennis K. Wells, son of Mr. and Mrs. George Wells, 501 Jefferson St., Newell.

Pvt. James E. Rhodes Jr., son of Mr. and Mrs. James Rhodes of Columbiana.

Pvt. Larry E. Witman, son of Mr. and Mrs. Joseph E. Witman of Railroad St., Negley.

James R. Frederick, son of Mr. and Mrs. Raymond Barnes, and Thomas L. Daies, son of Mr. and Mrs. Homer Daies of Salem.

After four weeks at Camp Lejeune, they will receive 15 - day leaves before assignment to various duties.

Birthday Event Held By Pughtown Grange

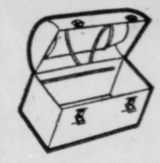

About 31 attended a meeting of the Fairview Grange Tuesday night at the Pughtown Grange Hall when birthday anniversaries of members were observed.

Members sat at 12 tables, representing the months of the year. A stunt program was presented. The group adopted a point system for service and attendance.

A collection was taken for David Beatty, New Cumberland youth hurt in a traffic mishap in Virginia.

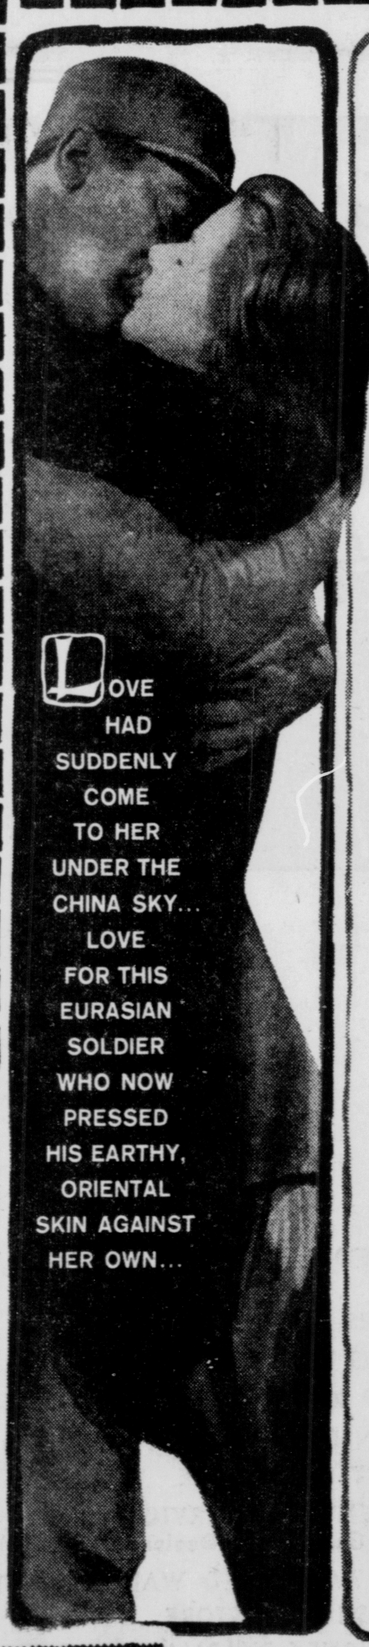

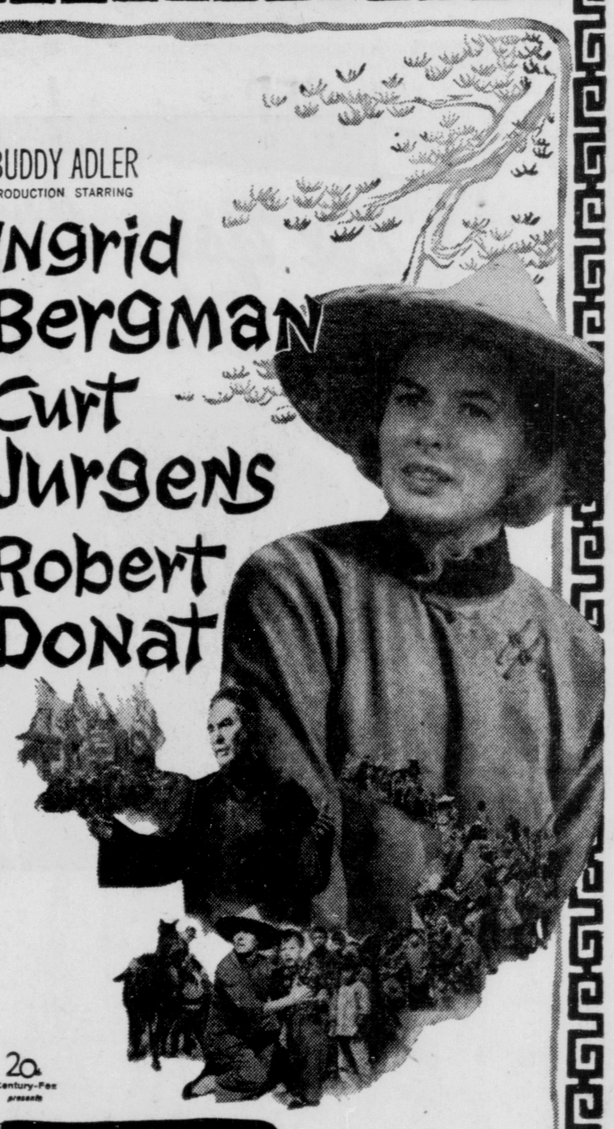

Mrs. Harley Ferguson, lecturer, was in charge of the program. Lunch was served by Mrs. Charles Mills and Mrs. Pearl Cullen. Mr. and Mrs. Frank Sutton of Jefferson Grange were guests.

The next meeting will be Feb. 9.

Conservation Group Aids 47

9,930 Acres Listed In Assistance In '58

LISBON — A total of 47 farm operators with 9,930 acres were granted requests for conservation assistance during 1958, the annual report of the Columbiana County Soil Conservation District revealed today.

Herman Teuter, in charge of district office at Lisbon, said that weather conditions were such that much of the work was not accomplished in its entirety.

There were 54 basic plans, 3 revised plans and 16 cancelations and 19 engineering plans were completed and 29 engineering plans sketched with 99 follow-ups.

He said there were 40 acres of cover cropping planted, 284 acres of contour strip cropping and 1,121 acres of contour crop rotation.

Grassland showed 40 acres in pasture plantings and 130 acres in pasture improvements. Woodland showed 241 acres in tree plantings and 1,074 acres of woodland protection, wildlife showed 1,435 rods of hedgerow plantings, 547 acres of wildlife area improvements and 15 fish pond improvements.

In drainage structure, there were 182 acres of drainage, 3,669 acres served by drain tile, 1,136 cubic yards of open drain, 9 ponds were constructed of which 3 were soil bank ponds and there were 6.5 acres of waterway development.

Farm operators seeking assistance from the soil district make requests through the District Board of Supervisors, which has final word.

The board is composed of Richard Dunn of Hanoverton, chairman; John Hull of Gavers, vice-chairman; Russell Reight of Wellsville R. D. 1, secretary; Wilbur Hayes of Salineville, treasurer, and Edgar Hayman of Minerva R. D. 2, reporter.

The superivisors are elected by members of the conservation district for three-year terms and are eligible for a second term after they skip one.

The board meets the last Tuesday of the month in its office at 517 E. Washington St.

Rev. Carl Finley Takes Columbus Pulpit On April 1

The Rev. Carl E. Finley has resigned as pastor of the Bradshaw Ave. Church of Christ and the Rev. Charles Hendershot of Cambridge has been selected to replace him.

Rev. Finley has accepted a call to the Whitehall Church of Christ in Columbus. He preached at two Columbus churches before moving here in 1951. His resignation is effective April 1.

For the past eight years he has conducted a daily radio program, "The Way of Truth."

Rev. Hendershot will move into the parsonage on 7th Ave., La-Croft, June 1.

Rev. Finley is married and has a daughter, Ruth, who is in the seventh grade at Westgate School.

Pastors To Hear Editor In Final Day Of Meeting

COLUMBUS, Ohio (AP) — The 40th annual Ohio Pastors' Convention winds up today with a speech by Norman Cousins, editor of the Saturday Review.

Winner of the 34th annual Prince of Peace speaking and essay contest will be announced this afternoon.

Some 1,700 delegates Tuesday heard speakers describe the church as a place offering salvation, not security, and declare that moral training cannot be left entirely to the church.

On the latter theme, Dr. George A. Buttrick, professor of Christian morals at Harvard University, said the church is more concerned with the home than ever before, because that's where a great deal of moral training is provided.

Dr. Ralph W. Sockman, formerly of Mount Vernon and now pastor of Christ Church, Methodist, in New York, dwelt on the theme of church salvation as opposed to security. He said the essentials of religion should be a return to simplicity; concern for the individual in the midst of organization, and spiritual power to replace physical force.

Wellsville Rips Steubenville Central To Win 6th, 78-55

By CHUCK CRONIN
Review Sports Writer

Wellsville High's Tigers, operating behind their smoothest offensive attack of the year, polished off Sectional AA rival Steubenville Central Catholic in convincting fashion Tuesday night, 78-55.

A crowd of some 400 at Beacom Memorial Gym saw the Tigers hit their stride in scoring their sixth victory of the year and gain revenge for a previous 68-61 whipping in the Crusader court.

With four starters hitting for double figures, Coach Jack McDevitt's winners rolled up their third highest point total of the season.

—:—

WELLSVILLE'S All-Ohio candidate Dan Baldwin, shackled in the first half when he found the range for only three points, finished strong in the second two quarters and posted 21 for the game.

However, sophomore sensation Robert Kiggans, possessing more potential than anyone on the court, sent 10 field goals through the hoops and added three foul shots for 23 points and game scoring honors.

Another sophomore, Phil Baldwin, hit for 16 for the Tigers and center Franklin Jackson popped in 12 in probably Wellsville's best team effort of the year.

Coach Francis Sebring's Crusaders, now 6-5 for the year, stayed in contention for only one half, which ended with Wellsville in front, 32-22.

When the second half opened, Central made the mistake of moving into a man-for-man defense. Wellsville ripped it apart with clever passwork and some good inside shooting by the Baldwin brothers and Kiggans.

District Schedule

FRIDAY

Salem at East Liverpool
Rochester at Midland
Irondale at Newell
Chester at Mingo Junction
United at Salineville
New Cumberland at Brilliant
Lisbon at Sebring
Fairfield-Waterford at Western Reserve
McDonald at South Side
East Palestine at Columbiana

SATURDAY

Fairfield-Waterford at United

AFTER THREE quarters, Wellsville had pulled away to a 17-point lead, 58-41, and maintained a comfortable margin for the remainder of the game. Central, off from the floor in shooting and guilty of a rash of costly mistakes in passing, also was slowed by personal fouls.

Three Central starters were benched in the fourth quarter on fouls, while the Tigers lost Phil Baldwin shortly after the fourth quarter opened.

Personal fouling on Central's part helped Wellsville to pull away rapidly in the third quarter. Eighteen fouls were called in the period, with Wellsville scoring 12 of its 26 points at the free throw line.

Dan Baldwin's effort moved him a little nearer to the 1,000-point mark in his three-year varsity career with 955, but dropped his average per game from 27.3 to 26.7. The victory left Wellsville with a 6-5 mark for the year.

McDevitt commented after the game that he was "pleased with the real team effort which led to the victory." The Tiger mentor heaped praise on all five starters, but singled out Phil Baldwin for both his scoring efforts and rebounding chores.

The well-balanced scoring was a good sign of things to come, McDevitt said, as Dan Baldwin has been carrying the scoring load in nearly every game and is being watched more closely every week.

—:—

KIGGANS, sweeping the boards clean in every quarter, hit his highest point total of the year and gave all indications of beginning to develop as one of Wellsville's top point producers. The 6-3 forward, who shoots with either hand, pulled off 14 rebounds for the game.

Central, outclassed and outhustled, had three starters in the double scoring figures. The leading scorer for the Crusaders, Ron Delatore, topped Central's attack with 15 points. Paul Renzelli hit for 13 and Joe Polshaw, who sparked Central to a previous victory over Wellsville, finished with 11.

The Tigers hit well in every quarter but scored the most in the third with 26. Twelve came in the first period, 20 in the second and 20 more in the fourth.

Wellsville is idle until Tuesday night when it faces another Sectional opponent at Mingo. Wellsville already owns one season victory over the Indians, 83-74, in December at Wellsville.

IN THE preliminary, Coach Carl Firm's Wellsville Reserves failed to keep pace with the Steubenville Central Catholic reserves and were trounced, 66-36.

The Central quint raced to a 12-point lead at halftime, 38-26, and won easily.

The defeat left the Wellsville jayvees with a record matching that of the varsity, 6-5. Bob Delposen led the Wellsville scoring with 12 points.

Ross Monoco took reserve scoring honors with 23 points for Central.

East Liverpool's Losing Streak Hits Nine At Youngstown

East's Pivot Star Scores 30 Points

By BOB DUFFY
Review Sports Editor

East Liverpool just about hit rock bottom in performance Tuesday night at Youngstown East when the Potters were humbled, 68-39.

It was one of the poorest showings this season. The Potters were never in the game.

A rangy East team led by 6-foot-4 Jim Snowden ran up a 13-0 count before the Blue and White could score.

—:—

THE LOSING string reached nine straight and left the Potters with a 1-12 record.

And there is nothing to look forward to, with sixth-ranked Salem the next opponent Friday night at Memorial Auditorium.

East, rated about the third strongest club in Youngstown, picked up its ninth victory in 14 starts.

Outclassed in all departments, Coach John Karaffa's squad managed to hit on only 28 per cent of its shots.

The Potters took 58 and made 16. Their percentage from the foul line also was poor with 7 for 22.

Karaffa started three sophomores and two juniors, with Kenny Miller, a sophomore, the new addition to the lineup.

—:—

MILLER played the full 32 minutes and indicated, especially in the second half, that he could handle a starting assignment.

He began to hit on a jump shot from the side in the third quarter and dropped in three straight goals. He finished his first varsity game with eight points.

Sophomore Kenny Cunningham was high for the Potters with 14 points, but he turned in some erratic passing and a poor defensive game.

Regular center Ray Bigelow, who has been ill for two days, did not make the trip to Youngstown.

Youngstown's Snowden, who is only a junior, was unstoppable as he scored almost at will. The rangy cager hit on 13 field goals and four of eight foul shots.

He was very strong under the boards and between him and his running mate, Sam Freeman, the Potters got few rebounds.

Freeman finished with 15 points and Billy Jones had 11.

—:—

EAST MADE 26 of 67 shots for 39 per cent.

The Potters got off to a bad start, scoring only five points in the first period and falling behind 20-5.

By halftime East had stretched the count to 37-13. The third-quarter score read 54-22.

Youngstown ran away with the Potters in the first period to build up the 13-0 lead as Jones and Freeman led the early spurt.

East Liverpool didn't score until two minutes remaining in the first quarter when Cunningham dropped in a 35-foot set shot then followed with a foul.

Bob Beatty scored the Potters' only other bucket in the first quarter.

Snowden, who broke the school scoring record with 39 points last week, turned on the steam in the second quarter and poured in 15 of his teams 17 points in that period.

He failed to have a letdown in the third quarter and tossed in eight more to put his team well out of reach.

Burke's, Tice's Win Second In YMCA League

Burke's and Tice's remained undefeated after the second round of play in the Y-Member League Tuesday night.

Burke's rolled to its second victory with a 55-41 win over Witherow's while Tice's managed to squeeze out a 37-35 triumph over Fullerton's.

In the other contest, Hull's defeated Gallagher's 58-52.

Ted Robinson paced Burke's by tossing in 22 points while Captain Burke aided his own cause with 19.

Keith Bishop was high for the losers with 23.

Captain Jim Tice scored 12 markers in the victory over Fullerton's. Tom Fullerton led his club with 20 markers.

Jack Green and Jim Conrad waged a scoring duel in the Gallagher's-Hull's contest. Green paced the winners with 30 points and emerged as the top scorer for the evening.

Conrad wasn't far off Green's pace with 27 points.

EL Subs Lose Third Straight

The East Liverpool reserves are working on a losing string now after dropping their third straight, 42-38, to Youngstown East Tuesday night.

The young Potters trailed 5-4 after the first period then fell behind 20-12 at halftime and 34-27 after three quarters.

East staved off a late bid by the Potters who came within four points in the waning minutes but couldn't overtake the Youngstown squad.

Cliff Goodballet paced the Blue and White with 14 points while Rogers flipped in 12 for East.

Wall Finishes Strong To Win Golf Honors

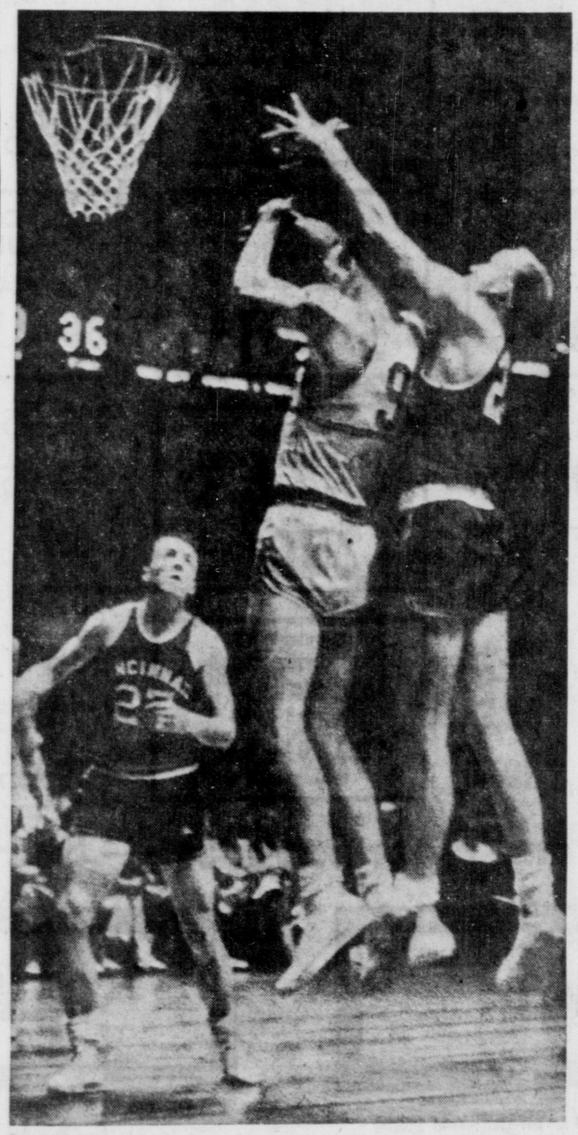

PALM DESERT, Calif. (AP) — Art Wall Jr., Pocono Manor, Pa., could thank a strong finish today for his title in the $7,500 Eldorado Pro-Amateur Golf Tournament.

Wall birdied four of the last five holes to pocket first money of $750 with a 36-hole total of 137 Tuesday. This was seven under par.

Ken Venturi, Palo Alto, Calif., wound up five strokes behind Wall, tied with Arnold Palmer, Latrobe, Pa., at 142.

The best-ball division was won by pro Mike Souchak, Grossinger, N. Y., and amateur partners Don Pegler, Lincoln, Nebr.; Dick Snideman, Chicago, and Harry Dodson, Los Angeles, with a net 36-hole score of 56-61—117.

Bill (Moose) Skowron, Yankee first baseman, hit .351 against the Chicago White Sox in 1958. He drove in 17 runs against the second place team.

Graham Helps South Side To 47-44 Victory

South Side High's Rams came through at the foul line to defeat East Washington in the fading seconds, 47-44, Tuesday night on the losers court.

Coach George Thompson's winners led by a mere point, 45-44, until Rich Ashcroft dropped in a pair of free throws with six seconds remaining in the game to remove the pressure.

The Rams, trailing by two points after the third quarter ended, were propelled into contention when substitute Earl Graham came off the bench to score six points in rapid order.

The victory left South Side with a 9-8 mark for the year and a 4-4 record in league play. Ashcroft led all scorers for the game by hitting 20 for South Side.

Four starters hit double figures for the losers with Carlton topping the attack with 12. Balent's 11 points were followed by 10 each by Johns and Duncan.

East Washington captured the preliminary, 51-41.

Salem Rolls Over South By 84 To 39

Sixth-ranked Salem, rolling to the 80-point mark or better for the fifth time of the season, crushed Youngstown South Tuesday night, 84-39, on the Salem boards.

Ten Salem cagers broke into the scoring column as the Quakers continued their domination over northeastern Ohio's Class AA squads. The Quakers, now 12-1 for the year, were defeated only by Cleveland East Tech, reigning Ohio champions.

The Quakers pulled away rapidly to post a 47-26 halftime lead, then whipped up a torrid second half storm to win easily by 45 points.

Coach John Cabas's squad permitted the Youngstowners only 13 points in the second half of play and a mere three in the final eight minutes.

Guard Woody Deitch, making his first start since a recent hand injury, bombarded the hoops for 21 points to lead the Quaker scoring parade. Clever guard Dave Hunter hit for 18, and Dan Kritchbaum finished with 17.

Wilson and Wright led Youngstown's scoring with 10 points each. Salem's next opponent is East Liverpool (1-12) Friday night at East Liverpool's Memorial Auditorium.

E. Palestine Wins Sixth, Defeats Sebring, 76-60

EAST PALESTINE — Rich Wellendorf scored 19 points and Jim Knight 17 in leading East Palestine High to Tri-County League triumph over Sebring here Tuesday night, 76-60.

The victory was Palestine's sixth of the year against five defeats, but gave the Bulldogs a 5-4 mark in league play with the first round ending last night. Minerva is the loop leader.

Wellendorf, scoring his highest total this season, hit eight goals and a foul. Knight, averaging near 20 points a game, boosted his point total to 216.

Last night's winning score was also the highest total rolled up by the Palestine squad this year. Bolen and Lane also hit double figures for the winners with 12 points each.

Tom Baxter's 15 were high for the losers, while Fred Bruner added 14. East Palestine also captured the reserve game, 76-60.

Clippers Drop Seventh, 66-57

COLUMBIANA — Visiting Minerva led nearly the entire game in jolting Columbiana High's Clippers Tuesday night, 66-57.

Columbiana, now 4-7 for the year, couldn't cope with a well-balanced scoring assault of the visitors who had four starters post double scoring figures.

The triumph also gave Minerva a tighter hold on first place in the Tri-County League race, with the first round of action ending last night.

Davidson dropped in 24 points for the losers to take game scoring honors. Baltz helped out in the Columbiana assault with 14 points.

For Minerva, Ferris showed 18 and Hargrove 17, while Knox and Elliott hit 13 and 10 points, respectively.

Fairfield Slips By Greenford

FAIRFIELD —Outscored from the floor by four goals, Fairfield-Waterford's Rebels picked up 23 vital points at the foul stripe to squeeze by visiting Greenford, 59-57, Tuesday night.

The game was close the entire distance with Fairfield-Waterford posting a 35-34 halftime lead and leading by only seven points after three quarters, 51-44.

Greenford outscored the Rebels from the floor, 22 to 18, but the winners hit 23 of 33 foul shots. Greenford made 13 of 24. The victory was the eighth of the year as against five defeats for Coach Bing Newton's Rebels.

Laverne Keslar pumped in 23 points and Chuck Olnhausen hit for 20 to spark the winners. Wilt's 15 were high for Greenford. The reserve game went to Greenford by a 45-36 score.

Midland Whips Beaver, 77-50; Raiders Rout Newell, 80-43

Leopards Post 6-1 Mark In League Play

The Midland Leopards, rolling along at full steam, gave Beaver only a passing glance in gaining a 77-50 victory Tuesday night at the Midland gym.

After last night's win Midland now shares the Section 8 lead with Hopewell. Both teams have 6-1 marks while New Brighton is 5-1, but was idle Tuesday.

Hopewell kept pace with Midland by routing Freedom, 70-35.

Big Movie Smith, Nick Vuckovich and Gene Lake supplied all the punch in last night's encounter.

Smith, who has carried the brunt of the Midland attack all season, pushed through 25 points Tuesday as the Leopards stayed in front all the way.

Vuckovich, the little Midland playmaker, turned scorer Tuesday by dropping in 17 points on jump shots from around the foul line. Gene Lake was next in the scoring department with 16.

The Leopards had an easy time by taking a first quarter lead of 24-8. The count shot up to 42-24 at halftime and 58-43 after three periods.

Coach George Hamilton's cagers turned in a respectable 42 per cent shooting mark with 29 for 69. Beaver could only goal 26 per cent of its shots.

The reserve game also went to Midland by a 52-32 score.

Pettit Turns To 'Driving' In Hawks Win

NEW YORK (AP) — Bob Pettit, the St. Louis Hawks' bread and butter man, has another jewel in his crown as pro basketball's Mr. Everything today — that of a "driver".

It is one generally given to a man many inches smaller than himself who relies on speed and ability to shake a defensive man.

When the wags talk of a center 6 feet 9 inches, like Pettit, it is usually about his ability to rebound and hit with outside hook or jump shots.

But when a big man begins to drive past defensive players, what can you say?

Ask the New York Knicks. They felt the string in the last 22 seconds of an overtime period at Madison Square Garden Tuesday night when Pettit drove underneath for the basket that brought the Hawks a 112-111 victory. Pettit scored 34 points.

The victory moved the Hawks to a 15½ game lead in the West over Detroit, which dropped its eighth in row, to Syracuse, 121-107, at Detroit. Dolph Schayes' 28 points topped a .563 shooting percentage for the Nats.

Jack Twyman led the Cincinnati Royals to a 100-92 victory over the Philadelphia Warriors in the opening game of a twinbill at Madison Square Garden. Twyman scored 37 points, 23 in the first half.

Giardello And Jones Clash In 10-Rounder

LOUISVILLE, Ky. (AP) — Middleweights Joey Giardello and Ralph (Tiger) Jones meet in a 10-round boxing match at Freedom Hall tonight.

The bout will be televised nationally (ABC) but will be blacked out locally.

Giardello, of Brooklyn, defeated Jones of Yonkers, N. Y., in 1954 and 1957.

Giardello has won 67, lost 15 and drawn 5. He has scored 28 knockouts. Jones has 12 knockouts and a 46-24-4 record.

Fight time is 10 p.m. (EST).

The Cincinnati Redlegs have announced that they will travel 25,768 air miles during the 1959 baseball campaign.

Ock Willoweit Takes Lead In Seniors Event

DUNEDIN, Fla. (AP) — The "youngsters" take over the spotlight in the second day's play in the Professional Golfers' Assn. Seniors' Championship today. And they have a pretty fair score to shoot at to take the lead.

The youngsters are the entrants in the 50-54 age group, and include such tournament-seasoned newcomers as Dick Metz and Little Paul Runyan, both of whom have been playing fine golf lately. These upstarts will have to break 70 to take over the lead. That two-under-par total was turned in by 56-year-old Ock Willoweit, a golf equipment salesman from Dayton, Ohio, as he led the field of players 55 years old and up in the first round of play Tuesday.

Willoweit, who was runnerup to Pete Burke in 1956, had a steady 35-35 for his round. The only other player to break par was Pete Goldbeck of Mt. Kisco, N. Y., with 71. Two players equalled par figures. They were Ed McElligott of Luthersville, Md., and Bill Jelliffe of Denver, Colo.

Jelliffe needed a hole-in-one on the sixth hole to get his par score.

Defending Champion Gene Zarazen wound up with a 73.

Freshour's 27 Points Sparks Cumberland

Newell High's Vikings failed for the 11th time to post the season's initial victory Tuesday night as Section 1 Class A rival New Cumberland rapped the district's only winless quint, 80-43.

It was the second straight victory over Newell as the Raiders previously won on the New Cumberland court, 97-43. The victory gave the improving Raiders a 6-7 mark for the year.

Newell, falling behind rapidly in the first two quarters, trailed the entire game as Coach John Robison watched the team's losing streak reach unprecedented proportions for a Wells High quintet.

New Cumberland had nine cagers figure in the scoring, with Bill Freshour pumping in 27 for game scoring honors. Jerry Pierce also hit double figures for the winners with 17 points.

Newell, outscored from the floor by 32 to 13, was led by Bob Stine's 12 points on four goals and four foul shots. Watkins added 11.

New Cumberland, leading by 25 points after three quarters, 52-27, whipped up a 28-point fourth quarter to win easily.

In the preliminary, the New Cumberland reserves set the stage for the rout by their varsity mates by whipping Newell's jayvees, 50-43.

Newell faces only six more opponents in seeking the season's first victory. Two of the games are with Bethany, opening round opponent of New Cumberland in the Section 1 Class A tournament in March.

Lisbon Drops Leetonia To Gain 4th Win

LISBON — Leading the entire distance, Lisbon High School trounced Leetonia here Tuesday night, 61-38, to score a Tri-County League victory.

Three starters hit double figures for the Lisbon squad which posted its fourth victory in 10 starts this season. Thorne topped the Blue Devil attack with 16, while Bob Pike had 15 and Lee 11.

Coach Len Batcha's Leetonia five dropped their eighth game of the year as against three triumphs. Radler's 14 points led Leetonia's scoring, while Chuck Lippiatt tallied 13.

Lisbon led at halftime by 16 points and was on top after three quarters, 40-29. The reserve preliminary also went to Lisbon, 41-39, over the Leetonia reserves.

Irons Win, 67-52, Over Salineville

IRONDALE — Irondale High's Irons cashed in heavily at the foul line to repeat over neighboring rival Salineville, 67-52, here Tuesday night.

Coach Les Douglas' Irons, now 8-5 for the year, outscored Salineville by only one goal from the floor, but ripped the nets for 23 points at the foul line for a decisive victory.

Irondale had defeated Salineville earlier this year, 45-41, at the Salineville court.

With junior Lonnie Fraley, 5-8, dropping in 22 points, the Irons managed to stay on top at every quarter mark. Fraley, one half of Irondale's high scoring brother combination, hit in double figures for the fourth consecutive game.

Don Fraley, a 5-8 senior, chipped in with 15 points to run his season total to 257, an average of 19.7 per game. Center Gale Boggs, 6-3, chipped in with 13 on four goals and five free throws.

The defeat left Coach Dick Jones Indians with a 3-10 record for the year. Rich Gearin led Salineville with 19 points. Larry Kessler finished with 12 for the losers.

In the preliminary, the Irondale reserves captured a 33-30 victory in an overtime battle with the Salineville jayvees.

Wellsville Jaycees To Hold Tournament March 23-28

Entry blanks are available for district basketball squads wishing to participate in the senior tournament of the Wellsville Junior Chamber of Commerce March 23-28 at Beacom Memorial Gymnasium.

The tournament is Wellsville's fifth, but the first one sponsored by the Jaycees. The sponsoring organization expects to attract some of the area's top talent.

Teams may obtain entry blanks by writing to the Wellsville Jaycees or by calling Ralph Fusco, publicity director, at LE 2-3285.

Presentation of 53 different trophies for sportsmanship, most valuable player, high point man and many other outstanding features will climax the five-day event.

As Good Friday falls on March 27, no action is planned for that night.

Frank Fusco has been named tourney director. Only licensed officials will be used for games, he said. The tournament was sponsored in the past by the Wellsville Omni Club.

Deadline for filing entries is midnight Sunday, March 22.

Cup Team Head Thanks Aussies In Farewell Talk

SYDNEY (AP)—Captain Perry Jones made a farewell speech and recited a poem to a small assembly at Overseas Airport today before the United States Davis Cup team departed for home.

"God bless all Australians. You all have been wonderful to us," said the 70-year-old Los Angeles tennis executive.

Then he recited a poem which he composed and which he had given on other occasions during the Australian visit. The poem dealt with the parting of friends.

The team will stay at Honolulu five days before continuing to Los Angeles.

Air Force Grid Star Lost For Spring Drills

COLORADO SPRINGS, Colo., (AP) — Rich Mayo, quarterback and passing star of the Air Force's Cotton Bowl football team, will be lost to the team for spring drills.

A bone in his right wrist has failed to respond to treatment following a wrist fracture last spring.

Rich used his right arm to sling the Falcons to an unbeaten season and into the Cotton Bowl Jan. 1, when they tied Texas Christian 0-0. He kept the wrist cushioned with a sponge during the games.

Tom Conrad, 6-foot-6 junior on Furman's basketball team, comes from Miami, Fla.

U.S. To Face Soviet Quint

SANTIAGO, Chile (AP) — The United States and Russia square off in a "shooting war" tonight — at two basketball hoops, not each other — when they meet to decide the probable champion of the World Amateur Basketball Tournament.

Even if the Russians win on the basketball court, they could lose the battle of politics and thus forfeit a title. A victory over the United States would give them a 5-0 mark. They are scheduled to meet Nationalist China Friday night, but steadfastly have said they will not play the Chinese. The Russians contend the Formosans represent a "country which doesn't exist."

The United States, also undefeated in the round-robin play with a 3-0 mark, still has to face Chile, a 75-49 loser to the Russians Tuesday night, and Brazil. The Americans have been idle since Monday night when they defeated the Chinese, 85-69.

On the basis of tournament performances the Russians are favored to win, and this has U.S. Coach Buzz Bennett very much disturbed.

"The Russians are a first class outfit," he said today. "Man for man they are probably better than we are. Maybe we have the edge in know-how, but we can't expect to win if we don't start playing better than we have."

The Americans, a group of Air Force all stars, have been forced to come from behind in every game.

Casey Warns Yankees To Train Better

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP)—High above the swank shops of Fifth Avenue, the New York Yankees maintain a tidy office. You get dizzy when you look down from the 29th floor. When Casey Stengel is there you get dizzy without looking out the window.

Casey was there Tuesday talking about baseball salaries, players with "bad watches" who can't tell the time at midnight, men who don't run out fly balls and others who get tired running 90 feet.

Long after the cheese cake was gone and most of the newsmen had left old Case was going on and on and on.

He lined up with the front office in its salary squabble with the players and warned some of his men to improve their training habits—or else.

"I think some of them don't like it here," he said. "One of these days a big moving van will back up. One or two will get hit right on the button."

There was more of the same on many subjects. Before the last dazed listener broke away, Case touched on these matters:

Running to first base: "If you get tired running 90 feet you are gonna get fined. Some will get their first plaster."

Letting ball players sleep in the morning after a night game: "You don't lose games resting."

Curfew: "There has to be a certain time. The night isn't all yours."

Trades: "If you can make deals to get (Jackie) Jensen and (Gus) Triandos, get 'em. I'd like 'em back. The commissioner probably will call up and tell me I'm tampering, but two or three other managers come in here and talk about my players."

St. John's Set To Start On 3-Game Trip

By BEN OLAN
Associated Press Sports Writer

The St. John's basketball team prepared to embark from New York today on the first leg of a three-game road trip which, if successful, would likely move the Redmen up in the national college rankings and insure them of a spot in either the National Invitation or NCAA tournaments.

The seventh-ranked Redmen meet the St. Louis Billikens in St. Louis Thursday night, Chicago Loyola in Chicago Saturday and Notre Dame in South Bend, Ind. Monday.

"It's going to be a rough trip," said Joe Lapchick, veteran St. John's mentor. St. John's, winner of the ECAC Holiday Festival Tourney, has won 12 and lost 1.

The Billikens, ranked 15th in the latest Associated Press poll, have won 11 games and lost to top-rated Kentucky and Cincinnati, No. 5.

None of the top 10 teams saw action on Tuesday night's sparse program. Oklahoma City, ranked No. 14, trounced Regis 98-79, South Carolina defeated Furman 78-68, Louisville State edged Loyola of New Orleans 70-68 and Duquesne toppled St. Francis (NY) 87-50.

Oklahoma City, hit 41 off 66 field goal attempts. The Chiefs took charge midway in the first half and led by 15 at the intermission. Regis finished strong but couldn't make up the earlier deficit.

Dobbs Due Interview For Army Grid Post

WEST POINT, N.Y. (AP) — Bobby Dobbs, head coach at Tulsa, today was scheduled to be interviewed by the U. S. Military Academy's athletic board for the vacant football coach's job.

Earl (Red) Blaik resigned two weeks ago after coaching Army teams for 18 years.

The board interviewed Jack Green, assistant coach at Tulane, Tuesday and Thursday will meet with Dale Hall, an Army assistant coach.

Indians Will Draw Near-Record Salaries

CLEVELAND (AP) — The 1959 Cleveland Indians will be one of the highest paid in Tribe history.

Frank Lane, Indians' general manager, estimated it took a total payroll of $600,000 to get all 39 players signed for the coming season.

Four signed agreements returned Tuesday brought the entire team under contract—the earliest negotiations have been completed in the history of the Indians.

Beaver Local Faculty Drops 87-50 Contest

Burton Ford of Lisbon posted an 87 to 60 victory over the Beaver Local faculty in a game played Tuesday night at the high school near Williamsport.

Winner was high scorer for Burton with 28 points, and Frontone was high for Beaver Local with 17. The Burton squad, composed largely of State Highway Patrolmen from the Lisbon barracks, is in first place in the Salem League.

Signing For Heavyweight Title Bout Seen Thursday

By ED CORRIGAN

NEW YORK (AP) — The promoter of the off-again, on-again Floyd Patterson-Ingemar Johansson heavyweight championship bout went ahead with his plans today but he was in the position of a fellow wondering when the roof would cave in.

Bill Rosensohn, the promoter, said bravely he saw no obstacles in the way of the fight and that contracts should be signed by Thursday.

But while he stood in the center of the stage, there were various side men milling around in the wings:

1. Eddie Machen, a heavyweight stopped by Johansson not long ago is seeking a federal court order to keep Ingemar, the European champion from fighting Patterson before he gets a rematch.

2. London promoter Harry Levene says he has a title fight between Patterson and Brian London of England all wrapped up, and said he received a cable from Patterson's manager imploring him to have patience.

3. London. "I am overjoyed at this big chance," he said.

4. Cus D'Amato, Patterson manager, who has been holding all the cards is annoyed that Levene would release his private correspondence.

5. Johansson, the party of the second part, says he made no return match agreements with Machen, and furthermore, Eddie can get at the end of the line if he wants another fight.

Rosensohn professes to be aloof from such goings on.

"The best legal opinion I have been able to get tells me it will be next to impossible for Machen to enjoin Johansson from fighting," he said. "It will not interfere, slow, deter or in any way affect my plans."

Golf Tourney To Open

SAN DIEGO, Calif. (AP) — The $20,000 San Diego Open, reinstalled on the winter golf schedule, gets under way Thursday at the Mission Valley Country Club, long noted as a dream course for the long hitters.

Jap Fighter Wins Honors

NEW YORK (AP) — Sadao Yaoita, the Japanese flyweight who ended Champion Pascual Perez' 48-fight streak in a non-title bout, has been named "fighter of the month" by Ring Magazine.

Yaoita forced to weigh a half pound over the 112-pound class limit, was moved up from fifth to first among the challengers to the champion from Argentina. It was the first defeat in Perez' long career.

Ingemar Johansson of Sweden, the European heavyweight champ, remained the No. 1 contender to World Champion Floyd Patterson, with whom he is to sign for a title match in June. Johansson was idle throughout the month, as was the champ.

In the heavy ranks, Nino Valdes of Cuba hopped up a peg to No. 2 while Zora Folley of Chandler, Ariz., dropped to third. Henry Cooper of London, a winner over Brian London for the British crown, advanced from seventh to fourth.

The only champion to see action was Don Jordan, the welter king, who stopped Alvaro Gutierrez of Mexico in three rounds in his first appearance since beating Virgil Akins for the title. The championship was not at stake.

Milwaukee Picks John McHale As General Manager

MILWAUKEE (AP) — Youthful John McHale joined the Milwaukee Braves as general manager Tuesday, thus plugging the hole left by the departure of John Quinn.

McHale, who quit the Detroit Tigers to join the Braves, left the impression that the Milwaukee players, both major and minor league, will be in good hands.

While not spelling out McHale's duties exactly, Milwaukee executives indicated his job will include dealing with the players.

Milwaukee President Joseph Cairnes said, "what John McHale does here will be what Birdie Tebbetts wants him to do."

And Tebbetts, executive vice president, insisted, "the answer to that is yes," when asked if McHale will handle players.

Tebbetts took over signing the Braves when Quinn left to become a vice president and general manager with the Philadelphia Phillies.

Moore Charts Drive To Title

By MURRAY ROSE
Associated Press Sports Writer

JAMESTOWN, N.Y. (AP) — Archie Moore is at an age when there could be no more tomorrows for him in the ring. Yet the old warrior is busily plotting a campaign to get one final fling at the heavyweight crown.

It may not come until 1960 or even 1961, which gives you an idea how long Archie intends to stick at his trade.

The light heavyweight champion has one sure fight on tap for 1959. That's the return bout with Canada's Yvon Durelle, the rugged fisherman who was knocked out in the 11th round of a memorable brawl in Montreal last Dec. 10.

"That's my bird in the hand," said Moore, here for a sports banquet. "But before I fight him I would like to fight Britisher Henry Cooper. He's been offered $150,000 to fight me. I'll take a lot less—maybe $50,000. But I'll beat him and then I'll be in position to fight the winner of the Floyd Patterson-Ingemar Johansson heavyweight championship fight.

How about middleweight champion Sugar Ray Robinson who has expressed a desire to meet him for the 175-pound crown?

"Ray should know it takes two to dance," replied Moore. "He's not going to get the whole pot fighting me. After all, it would be my title at stake. Then, too, if I fight Ray the purse would be so big I couldn't fight more than once this year."

FIELD AND STREAM

By R. L. LIDE

Puddles, ponds and lakes not created by man dotted the country-side during the recent floods.

If a like condition occurs during the latter part of March or in April, the toll of wildlife will be tremendous. No one will ever know the loss among the burrowing animals who hibernate during the winter months.

I had a telephone call from a man who said he took the puppies and the mother dog about which I wrote.

—:—

HE SAID two fellows in a truck on the premises where the dogs were asked him to take the mother dog together with the pups, which he did. But he says he did not notice a collie dog—and certainly did not take such an animal.

In the future, anyone having unwanted dogs, should deal with the dog warden's office. There are rules and regulations provided by law that I won't get mixed up in. In this case, the pups and the mother have a good home and the incident is closed so far as I am concerned, since everyone acted in good faith.

And just as this was being written, I received a call that Maurice Young has found his collie. According to Maurice, the collie simply was visiting a girl friend in another section of the county.

I HAD A TALK WITH Dog Warden Russell Reichenbach the other day. During the conversation it was pointed out that:

Any dog three months or older must have a valid dog license. A dog with no valid license becomes the property of the state in the county in which the dog happens to be.

Dogs that are picked up by the dog warden will be held for four days. After that time they may be sold to some individual after an impoundment fee of $2 has been paid, along with $2 for a license, plus 50 cents a day for board.

All dogs should now have a valid license attached to their collars. If the dog is not wearing a valid tag, then it comes under the same classification as a stray or being harbored without a license.

The penalty for harboring a dog without a license goes up to $100. Stealing a licensed dog also carries a penalty up to $100.

According to Russ, anyone having a stray dog which comes to their home should notify the warden as soon as possible.

I am also advised that the vicinity of Calcutta long has been a trouble spot where unwanted dogs are dumped. This also carries a penalty of $100 if the dumper is known.

Not only is this an inhumane act, but the poor dog cannot be blamed if he kills a chicken or lamb when hunger strikes.

It is too bad that people who dump dogs along the roadside or cats for that matter—are not known so justice could be done.

Conway Eyes Charge On Suspect Held Here

Police at Conway, Beaver County, indicated Tuesday they will file bad check charges against Wayne L. Starr, 26, of Philadelphia, who also has been charged with armed holdups in Salem and Beaver Falls and a Sewickley car theft since his arrest after an East Liverpool mishap Sunday night.

Police Chief Americo J. Radeschi said Conway authorities questioned Starr yesterday, then indicated they will file a detainer on him in connection with several bad checks circulated in the Beaver County community.

Although he was bound over to the Grand Jury here Monday on a concealed weapons charge, Starr is being held in city jail to allow questioning by out-of-town police agencies. Philadelphia authorities indicated yesterday they wish to quiz him in connection with a holdup there.

Squires Circle Maps February Activities

Activities for February were discussed when Caroll Circle 28 of the Columbian Squires met Monday night in the Knights of Columbus Hall. Jack Gill, chief squire, presided.

Four committees were chosen to plan for coming events. A social committee discussed plans for a valentine dance, while a civic-cultural committee planned a bake sale.

Arrangements for an explanation of the Catholic Church vestments were outlined by a spiritual committee. A basketball game with East Palestine Squires was planned by the physical education committee.

The group also discussed plans for organizing a bowling league.

Sears Roebuck Plans Catalogue Outlet Here

A Sears Roebuck & Co. catalogue order department will be opened in East Liverpool Feb. 19.

The new outlet will be located at 111 W. 5th St., according to David R. Powers, manager, and will have nine employes. It will be in the former Sloane's women's apparel store.

Powers was transferred to East Liverpool from Midland, Tex., where he also operated a catalogue store. It was changed into a retail store this month. Powers, who is married and has four daughters, will reside in LaCroft.

He said all major appliances will be on display and will be sold from the floor if urgently needed. All other lines of goods can be ordered, through teletype direct to Philadelphia, with delivery in 24 hours.

The staff will include two outside salesmen, two telephone girls and the clerical force.

Fire Damages Home In Salineville District

SALINEVILLE — The home of Mr. and Mrs. Joseph Fiscus of Fox Township, Carroll County, was damaged in a fire Tuesday night to which village firemen were called on a standby alert.

No one was injured in the blaze which destroyed the interior and roof of the two-story frame structure, according to Mechanicstown firemen.

Village firemen were called about 10:30 to the home to protect the nearby barn in event the flames got out of control. The home is about three miles west.

Some Tucson Lovers Are Loud Kissers

TUCSON, Ariz. — A Tucson resident told police he didn't mind young couples using his private road as a lovers' lane.

But, he added, some of them are loud kissers. They awaken his dogs, which bark and awaken his family.

Candidates

(Continued from Page One)

Wellsville; Stanley Fitch, for the Democratic nomination for mayor of Salineville, and Howard L. Moore, Republican, for First Ward councilman at East Palestine.

Kelly, 35, has been employed 17 years at the Midland Works of the Crucible Steel Co. He is a hot strip mill heater. Kelly also is a real estate salesman and operates a real estate rental business.

A resident of the Second Ward 22 years, he attended Lincoln School and was graduated from East Liverpool High School in 1941. He is married and has one child. Kelly is a member of St. Aloysius Catholic Church, the Elks Lodge, the Junior Chamber of Commerce and the Blue and White Nonpareil Club.

Keister, 44, is making his first attempt for a political office. A native of Wellsville, he is employed as a crane operator at the Crucible works. He is married and has two sons and a daughter.

Fitch announced previously for the Salineville post. A special officer for 10 years, he is employed at Canton.

East Palestine Man To Seek Council Post

EAST PALESTINE — Joseph Colella, 87 Vine St., today announced he will be a candidate for Third Ward councilman in the Democratic primary in May.

Colella, an employe of the Kenmar Manufacturing Co., is making his first bid in politics. He will oppose incumbent Councilman Clarence Freer.

Milton Breckenridge is a candidate for nomination as president of Council, not as councilman-at-large as incorrectly reported yesterday, and James McCarthy is a candidate for First Ward Councilman, instead of for Council president.

McCarthy will oppose Tad Cope, thus insuring Democratic contests in the Third and First Wards and council-at-large races.

Mrs. Alice M. Hawk of W. North Ave., was elected president of the Women's Democratic Club at a meeting Tuesday night at the City Hall. She succeeds Mrs. Florence Hartford, who was named vice president.

Mrs. Ruth Geiger was named secretary, and Miss Evelyn Seiter, treasurer. Mrs. Clara McGowan was named chairman of the ways and means committee.

Legion Collects $519 With 'Crock Of Dimes'

American Legion Post 374 collected $519.10 in its annual "Crock of Dimes" drive Tuesday at the intersection of Pennsylvania and Dewey Aves.

Fifteen Legionnaires and auxiliary members solicited motorists for the polio funds. The auxiliary also served hot lunches to the workers.

Mrs. Ilene Bird, auxiliary president, headed the lunch committee.

Leuis Krawiec, commander, was in charge of the drive.

3 Room Outfit
For less than balance due
Here's the story. Three months ago we sold this fine 3 room outfit to a wonderful young couple whose parents have dealt here for years. Evidently something went wrong as 3 days after we delivered the furniture we were called to pick it up as something had developed between the newlyweds and he disappeared. Since the family were old customers, we had no choice but to get the furniture. We now offer it for sale at $300 less than what we originally sold it for.

Now for sale at a big cut in price and here is what you get . . . A deluxe 3 room outfit complete with gas range. Pay nothing down. Terms will be made to suit your budget. Ask for the Pre ——— deal at Megdal's 540 Midland Ave., Midland, daily 9 A.M. to 9 P.M.

Up to $100 trade in on your living room and bedroom furniture.

Odd And Interesting

By W. L. GORDON

The average person in good health walks about three miles a day. Those persons whose work requires their being on their feet all day walk much more.

An electric eel, when aroused, can discharge a shock of about 450 volts which is enough to kill a man.

Annual Reorganization Held

R. A. Kapp Heads Library Trustees

Atty. Robert A. Kapp, 314 Grant St., has been named president of the trustees of the Carnegie Public Library, succeeding the Rev. M. Rudolph Miller.

Other new officers named at the meeting Monday night are James J. McGowan, 1316 Riverview St., vice president; Wilford Padgett, 849 W. 8th St., secretary, and Fred H. McGillivray, 325 Garfield St., treasurer.

—:—

IN THE ANNUAL report of Miss Frances Jones, librarian, it was revealed a total of 175,429 volumes were loaned in 1958, a 10 per cent increase over the previous year.

In the last five years, loans of adult nonfiction have doubled and use of children's books has more than tripled. A total of 1,359 new borrowers have been registered, and 602 former patrons re-registered.

All 8,000 borrowers have been given new identification-style cards to be carried in the wallet in a system which expedites service.

—:—

RESCHEDULING of library hours to better serve the needs of the public and students added eight more hours a week. Hours Monday through Friday are 9 a. m. to 9 p. m. and 9 a. m. to 6 p. m. Saturday.

The length of book loans was extended to an average of four weeks, eliminating renewals. New books and how-to-do-it volumes in heavy demand are kept on more limited loans of one and two weeks.

The library also purchased and catalogued 5,004 books at an average cost of $2.20 each. About 65 per cent of book funds are spent on nonfiction.

—:—

THE LIBRARY, founded in 1896, is financed by a county tax on intangibles, with the Budget Commission appropriating about $2 per capita to provide library service in East Liverpool. Miss Jones said national standards recommend support at $3 per capita.

Provided for children were 24 story hours, half for pre - school youngsters. Some 47 class instruction periods on use of the library were given and books were also distributed to schools for long-term deposit and borrowing by students. Books were borrowed from these sources 58,952 times.

—:—

OVER 900 BOYS and girls were registered in a summer Read-E-O reading program, with 430 earning certificates after completing 10 books.

The library also introduced audio-visual service with a collection of 75 filmstrips and projector available for loan at a fee on most of 35 cents. A catalogue is available, and booking may be made by phone.

Cleaning of masonry and bricks of the building marked completion of an 8-year program of restoration of the structure.

Kiwanians Hear New Librarian

Miss Mary Clark, new librarian at the Wellsville Carnegie Library, outlined her duties at a meeting of the Wellsville Kiwanis Club Wednesday night at Meade's Restaurant.

She explained how she plans to re-index the 18,000 books at the library and told of other modernization plans.

A native of Greentown, Ind., she came to Wellsville in January from Ravenna. She replaced Mrs. Miriam Martz, who moved to near Buffalo.

Miss Clark was introduced by Allen Dalrymple, program chairman. Cedric Stanway will be program chairman in February.

Two Key Club members were guests. Atty. Delmar T. O'Hara is president. The Board of Directors will meet at noon Friday at the restaurant.

Railroad Figure Dies

CHICAGO (AP) — William F. Peterson, 62, of Des Moines, assistant to the president of the Rock Island Railroad, died Tuesday, apparently of a heart attack. Peterson also was vice president and general manager of the Rock Island Motor Transit Co., a railroad subsidiary. He was born in Leonardville, Kan.

Kaycees To Take Part In District Communion

Plans for participation in a district Communion breakfast Sunday, March 1, at East Palestine were outlined at a meeting of Carroll Council 509, Knights of Columbus, Tuesday night in the K. of C. Home.

The council also made plans to participate in a patriotic dinner to be held Sunday, Feb. 22, at St. Aloysius Parochial School Hall by the Cardinal Mercier Assembly of Fourth Degree Knights of Columbus.

James Buchheit, grand knight, presided. The next meeting will be Tuesday night at 8.

County Farmer Sued Over Wheat Planting

LISBON — E. F. Sanor of East Rochester is one of four Northeastern Ohio farmers against whom the U. S. Department of Agriculture has filed civil suits for overplanting wheat allotments.

Sanor is charged with planting 4.9 acres in excess of quota, and a suit was filed Monday in Federal Court at Cleveland to collect $170.04 in penalties. Penalties are levied at a rate of $1.08 for every bushel raised on the excess acres, based on the farm's normal yield.

Assigned To Carrier

SALINEVILLE — Seaman Carl R. Lindner, son of Mrs. Fred Lindner of W. Main St., is stationed at Quonset Point, R. I., where he has been assigned to the Aircrat carrier Wasp. He recently re-enlisted for four more years.

BPW To Conduct Road Sign Survey

A local survey on traffic signs and signals, as part of a nationwide study, was discussed at the executive meeting of the Business & Professional Women's Club Tuesday night at Travelers Hotel with Mrs. Ethel Lynn Wambaugh, president, presiding.

Miss Helen Auld, chairman of the health and safety committee, will be in charge of the survey sponsored by the National Federation of Women's Clubs.

Members will serve as chaperones for the teen-time dances of the Key Club during February and March. They are held from 9:30 to 11 every Friday and Saturday night at the American Legion Post 4 Memorial Home.

Miss Frances Jones, vice chairman of the career advancement committee, reported on progress of plans for the Science Fair to be held at Westgate School March 12-14.

A small business clinic will be held in Columbus by the Ohio Federation of BPW Clubs March 14-15.

A film on "Safety" will be screened at a dinner meeting at 6:30 Feb. 11 at Travelers Hotel.

Retired Editor Dies

OMAHA (AP)—Harvey E. Newbranch, 83, retired editor-in-chief of the Omaha World-Herald, died Tuesday of a heart attack. Newbranch joined the World-Herald in 1898 as a reporter, was named editor in 1910 and editor-in-chief in 1944. He won a Pulitzer Prize in 1919 for an editorial. He retired in 1949.

AA's Work Told In Address To Chester Kiwanis

"I would rather die than take a drink," a member of Alcoholics Anonymous told the Chester Kiwanis Club at a meeting Tuesday night at the City Hall auditorium.

The speaker said the AA is not 100 per cent efficient in helping drunkards, but is greatly successful in helping members combat the habit.

"I am glad I am an AA because it gives me peace of mind," he said. "No one starts out to be a drunkard, but there are three places where you can wind up if you become one — the penitentiary, the asylum or the morgue."

Alvin (Pete) Arner, program chairman, introduced the speaker.

R. M. McFarland, president, announced the East Liverpool Kiwanis Club will hold an interclub meeting in Chester.

Eugene Seeley will present the Chester club at a meeting at New Cumberland Tuesday night when plans will be made for a summer conservation camp.

Guests last night included Wilbur F. Hobbs, the Rev. Robert Backstrom and Leonard Cowey, along with Key Club members, Dave Elphinstone and Larry McSwegin.

Kiwanis Gives Plaque To Former President

Robert Metcalfe, past president of the Kiwanis Club, was presnted a plaque for his service at an installation dinner of the club attended by 58 members and guests Tuesday night at the Country Club.

Atty. Guy Mauro of Salem, district lieutenant governor, presented the award and installed new officers, headed by Rowland Kaufman, president.

The East Liverpool High School Choir, directed by E. King Mathews, sang several selections, and Mrs. Herbert Anderson played organ numbers during the smorgasbord buffet.

French General Dies

TARBES, France (AP) — Maj. Gen. Pierre Agostini, 55, died of a heart attack Tuesday as he stepped forward to decorate the French army's 1st Parachute Regiment. Agostini had commanded French troops in Morocco and was deputy to Marshal Alphone Juin when Juin's troops fought as allies with the U.S. 5th Army in Italy in World War II.

School Officials Speak For Beaver Local PTA

School supervision was discussed by two county school officials at a meeting of the Beaver Local Public School Parent - Teacher Association Monday night at the school near Williamsport.

Mrs. Marilyn Solak, county high school supervisor, and Loren Ruff, county elementary supervisor, spoke. Carl Mansfield, president, was in charge.

Gloria Williams played the piano, and Ann Fitzsimmons presented accordion solos in a musical program. Lunch was served by the sixth grade homeroom mothers.
